

Name: \_\_\_\_\_

# All About \_\_\_\_\_

\_\_\_\_\_ belong to the animal kingdom. They  
(animal name)

are in the \_\_\_\_\_ family. They are  
(mammal, bird, reptile, amphibian, or fish)

classified as \_\_\_\_\_. They are  
(vertebrates or invertebrates)

\_\_\_\_\_ which means they eat \_\_\_\_\_  
(omnivores, carnivores, or herbivores)

\_\_\_\_\_. \_\_\_\_\_ are  
(animal name)

\_\_\_\_\_ blooded animals. They \_\_\_\_\_  
(warm or cold) (lay eggs or give birth to live babies).

\_\_\_\_\_ breathe with \_\_\_\_\_. They live  
(animal name) (gills or lungs).

These are all the things I learned about the \_\_\_\_\_.  
(animal name)
