

T.I.S. Digital Backpack

January 19, 2021

FROM THE PRINCIPAL'S OFFICE:

District Issued Student Chromebook Initiative

1:1 District Chromebook Initiative

All Tolland students in grades three through eight will be provided with a district Chromebook. These district Chromebooks will be required for every student. Students will need the district Chromebooks as opposed to personally owned devices. Emails outlining the 1:1 initiative have been sent to parents and guardians of fourth and fifth grade students. An email will be sent to third grade families on January 22. The only costs associated with the devices are an optional insurance policy and an optional hard-shell protective case. Below is an overview of the need for students to have a district managed device.

Software: There are many applications and extensions that students will be expected to have on their devices during class. The district is able to automatically install and update these apps and extensions by having student devices enrolled in the district's online device management tools. Students with personal devices may not be able to receive all of the apps that will be required for their use. Some apps, such as the state's secure testing app, only work with specific versions of ChromeOS. The district is able to ensure that student devices enrolled in its management tools stay on supported versions of ChromeOS. Update control is something the district is unable to do with personally owned devices.

Much of the software the district deploys is licensed per device. By using device management tools, the district is able to install software and license keys to devices, then remove them when they are no longer in use. On personally owned devices, the district can't verify that software has been uninstalled.

Web filtering: When students use a district device, they are required to sign in with a district-provided username and password. This information is forwarded to our web filter and allows us to easily identify which sites students are browsing. Personal devices can be logged in with non-district accounts which makes it more difficult for the district to track where students are browsing.

Unified Arts Classwork

Please check your child's progress via the PowerSchool Portal. Any student with any outstanding assignments in unified arts class (art, music, library and PE) will be offered extra time to hand in missing assignments. Staff will be available to assist any student with makeup work as needed.

Mrs. Merritt, Mrs. Bishopric and Mrs. Hayes Visit T.I.S. Students

Over the course of the last week, Mrs. Merritt, Mrs. Bishopric and Mrs. Hayes visited groups of T.I.S. remote learning students. The purpose of the visits was simply to say hello to students and let them know that the T.I.S. the community misses them.

1/29 Sports Team Day at T.I.S.

Friday, January 29 is Sports Team Day at T.I.S. All students and staff are encouraged to dress in the colors of their favorite team.

T.I.S. CALENDAR

IMPORTANT CALENDAR CHANGE – Please Review

The TPS In-service day scheduled for January 21 will be rescheduled for Wednesday January 27th. The High School mid-semester day will also be January 27, 2021 as well. Teachers will still attend any scheduled PPTs or meetings.

January 21st is now a regular school day.

There will be no classes on Wednesday January 27th.

LOVE KIDS? HATE CANCER?

GET INVOLVED IN CAMP KESEM AT UConn

What is Camp Kesem?

Camp Kesem is a nation-wide organization that provides a free, week long summer camp and year round support programs to children impacted by a parent or guardians cancer. Kesem is driven by passionate college student leaders that support children through and beyond their parents cancer. The memories and magic of Kesem goes beyond a week in the summer.

"When I'm at Camp Kesem, it makes me feel like all my problems have disappeared."

and uconn@campkesem.org

HOW DOES A PARENT'S CANCER IMPACT A CHILD?

- INCREASED anxiety
- EMOTIONAL isolation
- LOSS OF social interest
- FEELINGS OF hopelessness
- LOW academic performance
- TAKING ON adult roles

Kesem's Impact

- 98% of parents believe that Camp Kesem had a positive impact on their family
- 89% of our campers return each year
- 80% of our counselors have been impacted by cancer - making them empathetic and relatable role models
- 100% of our counselors undergo extensive training on how to create an environment where children feel safe, loved and respected

Who can attend?
Camp Kesem serves children who have lost a parent to cancer, have a parent undergoing cancer treatment, or whose parent is a cancer survivor—an estimated population of over 5 million children in the United States.

What age children attend camp?
Camp Kesem serves children ages 6 to 18.

How long are the camps?
The camps are typically one week in length.

How much does camp cost?
Camp Kesem is completely free of charge to all children who attend.

Who runs the camps?
Our camps are staffed by highly trained college student leaders. These students are carefully screened through a competitive interview process and undergo extensive training prior to camp. In addition, our student leaders work year-round to raise funds, conduct outreach in their communities, and plan the programming necessary to make camp a truly unique and unforgettable experience. Each camp is also staffed with nursing and mental health professionals.

Can children return to Camp Kesem more than once?
Yes! Many camps are part of our family for life. Our camps give the family they have with friends who return year after year.

Does Camp Kesem provide therapy?
No. Our student leaders provide a warm and loving environment where children are free to share their feelings with one another. Our model focuses on providing a strong peer-based support network where children can find strength, hope, inspiration, and fun.

Where do I find a local camp?
Visit kesem.org/find-a-camp.

How do I apply?
Applications open in January of each year, and are processed on a first-come, first-served basis. All applications are submitted online at kesem.org/camp-application.

CAMP KESEM FAQ

kesem

Kesem's mission of supporting children through and beyond a parent's cancer, and our vision of ensuring that every child impacted by a parent's cancer is never alone, can only be realized through an ongoing, steadfast commitment to Diversity, Equity, and Inclusion in every part of our organization.

All information is available. Contact us to find out more at support@campkesem.org

A CHILD'S IMPROVEMENT AFTER KESEM

Camp Kesem is the only place where the child can share their experience of loss, and grow with other kids who can relate to their feelings.

WHAT'S HAPPENING IN OUR CLASSROOMS:

Grade 3

Third grade teachers would like to start by saying a big Thank You to all of the students and families that have made a smooth transition from in-person learning to remote learning quickly before vacation. We know that adjusting schedules and helping your children with this quick change is not an easy task. Thank you for all of your help and support.

We are moving right along in our curriculum this year despite all of the changes. In the Journeys Reading program, we have been reading stories about Thomas Edison, how technology has improved sports, and a trickster tale called Top and Bottoms. We will be moving on to a Cherokee Legend called Yonder Mountain. Third graders have been learning about idioms, homophones, verb tenses, and quotation marks.

In math we are working on multiplication, telling time, 2D shapes, and various other topics in the three programs third grader teachers are using. Practicing math facts is still one of the best ways for you to help your child succeed in math.

Please make sure that you keep your child reading books as much as possible while we aren't in school. You can read with your child, to your child, or they can read on their own.

Thank you for everything and enjoy the new year!

Grade 4

Happy New Year!!! Fourth Grade is off to a great start in 2021. Teachers and students have made an excellent transition to the "12 Days of Remote Learning"! The fourth grade teachers are looking forward to having students in class again soon.

Fourth grade students are working diligently to master division, using various strategies to solve real world problems. We continue to use IXL and Reflex Math to strengthen our skills.

In LA, we are expanding our reading skills by focusing on story structure, fact and opinion, understanding characters, conclusions and generalizations, and author's purpose. The students will be working on informational writing.

Students have explored the world atlas, focusing on continents and oceans, as well as various other map skills. Soon we will begin our next science unit on biomimicry.

The students have been remarkably engaged and flexible this school year. We are very proud of them!!!

Grade 5

In language arts fifth-grade students are reading the “Phantom Tollbooth,” by Norton Juster. It is a fun and entertaining book that focuses on word play. They are learning the difference between literal and figurative language. Students will be assigned a writing task after novel to show their knowledge of the skills they learned. Students enjoyed learning about wordplay while listening to “Who’s on First” skit by Abbott and Costello. Be sure to ask your child about it.

Fifth-grade students began the second part of Social Studies Unit 2 "Colonization" and continue to investigate the essential question,

"How have American conceptions of Freedom and Equality changed from Prior to Colonization to American Revolution?"

Currently, they are comparing and contrasting the three regions of the English colonies (New England, Middle, Southern) during the 1600s. They are also practicing their skills using IXL that connects to this unit. Finally, there are making historical connections from this time period to current events with the Presidential election and electoral college vote. An independent research project for this unit, that integrates technology, will start soon.

Fifth grade mathematicians are beginning their unit on operations with decimals. The unit includes students solving real-world style problems. These problems are fairly complex, but the students will be using their bar modeling strategies to solve them. Their effort and perseverance is to be commended.

Students are finishing the Earth, Moon, and Sun unit. The 5th grade scientists are getting ready to start a unit on Habitats. It is always one of the favorite science units.

We understand that this is an unusual and difficult experience for many families and some students may struggle more than others. Please know we are here to help. We appreciate your continued support with your child at home.

FROM THE NURSES' OFFICE:

The nursing office is looking for donations of unisex sweatpants or athletic pants. Elastic waist is best. Child sizes 8 to 16 are welcome!

WINDHAM-TOLLAND 4-H CAMP

326 Taft Pond Rd Pomfret, CT 06259

www.4hcampct.org

PUT SOME FUN IN YOUR 2021 SUMMER!

June 20 to August 13, 2021

Windham-Tolland 4-H Camp, located in Pomfret Center, Connecticut, has provided summer camp experiences for thousands of youngsters for over 60 years. The camp has both overnight and day camp programs for boys and girls 6-15 years of age. The camp is located on 270 acres containing woodlands, cabins, recreation areas and scenic lakes. The Windham-Tolland 4-H Camp maintains a state license and ACA accreditation. Campers need not be 4-H members.

Our caring, camper-centered, college-aged and trained staff is committed to providing a safe, educational, and fun experience for every child.

All campers have the opportunity to participate in a variety of programs each week including:

- Arts & crafts
- Low and Mid High Ropes courses & Horizontal Climbing wall
- Swimming
- Self-defense
- Fishing
- Sports
- Drama
- Dance
- Archery
- Outdoor Education
- Zip-line
- Canoeing & Kayaking
- Knitting

4-H Camp offers a variety of specialty programs also available on a weekly basis for an additional cost.
