Student Expectations

A 3D architectural rendering of a bright, modern school hallway. The hallway features rows of orange lockers on both sides, with white doors leading to other areas. The floor is made of large, light-colored tiles that reflect the overhead lights. The ceiling is a white grid with recessed lighting. In the background, there is a whiteboard with the word 'INFORMATION' written on it, and a clock on the wall. The overall atmosphere is clean and professional.

Student Expectations During Online Learning

- School motto – *Pride, Tradition, and Excellence*
- Respect all participants in Zoom Meetings.
- Community- You represent Renton High.
- Citizenship – Practicing Good Digital Citizenship is important.
- Goals – Have you chosen your goals for this school year? What do you want to accomplish?

Grading During Online Learning

Grading Scales are the purview of teachers and can vary teacher to teacher.

- Teachers post their grading scale on their syllabus – found on their Canvas page.
- Questions about grading should be emailed to the teacher directly.

Grading Policies are universally agreed upon at RHS:

- Teachers accept late work without penalty up until two weeks before the end of the trimester.
- Teachers allow retakes on tests and quizzes (Range of 2-5 retakes.)
- The best score of the retests is entered not an average.
- No points deducted for late work .
- When students do issue group work; assessments are individual.

Incompletes

- If you received incompletes during 3rd trimester last spring, you should have received a letter from your teacher to your school email as to what you need to do to make it up.
- Some of you have already made up your incompletes.
Great Job!
- If you are still confused about incompletes, contact your counselor on how best to make up your incompletes!

A young person with glasses and a striped shirt is focused on building a LEGO robot. They are sitting at a desk with a laptop in the background. The robot is a white LEGO Mindstorms NXT with a custom-built chassis and wheels. The student is using their hands to assemble the robot, with various LEGO parts and a red storage bin visible on the desk. The text "Student Supports" is overlaid in large white letters on the right side of the image.

Key Tips for Success

- Check Skyward Weekly.

- Skyward is where teachers post official grades. Sometimes Canvas grades are not updated or can be altered before being synced to Skyward.
- The trimester flies by – October 16 is the halfway point! Know your grades, and do not hesitate to email your teacher if you have questions.

- Missing Work is a Slippery Slope

- Don't let missing or incomplete work pile up.
- If you get a grade you are not happy with, ask your teacher how you can resubmit or retake it.

- Ask For and Accept Help

- This cannot be emphasized enough – especially during online learning. Teachers cannot always tell if you need help unless you ask for help. When they offer to help, take them up on it!
