

10TH GRADE ACTIVITIES

Classroom Activities

ASVAB

- All sophomores take the ASVAB. This test includes ability testing in 9 different areas as well as an interest inventory.
- For more information go to www.asvabprogram.com.

Course Registration

- In late February, counselors talk to sophomores about classes they can take during their junior year. The following week, students register for those classes in the computer lab.
- Students also update their 4-Year Plan.

Other Activities

Regional Career Exploration Day

- Every spring Ridgewater hosts a career day for area high school students. Students are able to choose 3 career presentations from a variety of options to attend. Professionals from those career areas present on their career.
