Frequently asked Questions**

- Q.** Can I **double up** on classes (take two math or science, etc...)?
- A.** Students may double up on classes based on **space availability and grade level /pre-requisite requirements***.
- Q.** Can I have an *Unscheduled* period?
- A.** Students who are in **grade 11/12** and are on track to graduate may have no more than *one unscheduled class per term* during either 1st or 4th period *if their schedule allows for it* with their other choices. (11th grade only one per year)
- Q.** Can I be a *TA or Office Assistant*?
- A.** Students in grade 11/12 who meet the criteria listed in the catalog may have **one class** of TA **or** Office Assistant per year. Students will be *assigned to positions based on staffing need*.

*see catalog for more information

**Students should direct additional questions to their Counselors during Intervention times listed on previous slide

Frequently asked Questions continued**

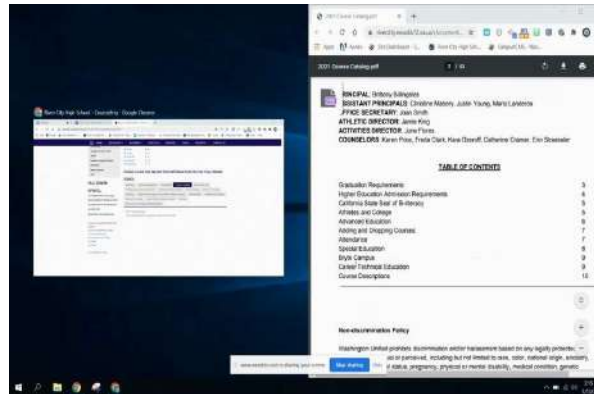

- Q.** If I have an IEP. How do I select my classes?
- A.** Read each Choice carefully and answer based on your options. Students with Individual Education Plans (IEP) will be assisted by their Case Manager in determining their core classes. If you have a question, ASK
- Q.** I am in an ESL / ELD Class. Do I still need to take it next year?
- A.** Students needing ESL/ELD will be assisted by Mrs. Leifson. Placement is determined in part by your ELPAC score and English Grades.
- Q.** I am a **Senior**. Can I graduate at the midterm in December. What do I have to do?
- A.** You will need to **fill out the Course Request form completely**, regardless. There is a question at the beginning of the form to indicate your interest. Early graduates can **ONLY be Seniors** on track to graduate. You will need to schedule a meeting to review Eligibility with your Counselor or Case Manager.

****Students should direct additional questions to their Counselors during Intervention times listed on previous slide**

Accessing your materials: Catalog and Transcripts

Graduation requirements have increased to 250 credits. Please review your credits carefully and make sure you are on track. It is advised that you reference your transcript and Course Catalog while you make your class selections. To do this you will either need to use another device or know how to split your screen. Course Selection Information for the 2022-2023 school year

Students will be making their course selections online for the following school year.

Courses are broken down by Washington Unified - RCHS Graduation requirements and University of California articulation, otherwise known as A-G. Refer to the Catalog for information.

Please read each question carefully and answer completely. Failure to do so may affect submission.

Please use a split screen and refer to the Course Catalog as you make your selections.

Students must select 8 class options and provide 6 alternates if their 1st choices are not available or do not fit within their overall course placements. Do Not choose courses more than once unless the course is indicated as yearlong. Doing so may invalidate your requests.

Step 1: Find your Registration Link

Go to the [RCHS Counseling website](#) and look under the ***Scheduling Tab*** (will also be on **student hub on the front page.**) Look for the link that corresponds to the grade level you will be for the 2022-2023 school year. *Example: I am currently a freshman so I will be filling out the sophomore registration form.*

Senior (Class of 2023) Pre Registration Form <https://forms.gle/hHTt7XggJxwvr6EB8>

Step 2: Complete Demographic Information

When you first begin to fill out your registration you will provide **basic information about yourself**.

Remember to **read each section carefully** and **follow the directions** before moving on.

Do not leave a question blank. If you cannot answer a question, type NA (not applicable).

Step 3: Courses and Requirements

Each grade level has slightly different choices and graduation requirements embedded within it. For Example: all Juniors must take a US History Class. The ‘choice’ then becomes do you want to take the advanced level which is AP US History? ***Remember, this is when you would check the catalog and see what taking an advanced class entails.***

Note that the Choice corresponds to the department and UC A-G Category if applicable.

History / Social Science

Choice 1 (A) History / Social Science: Courses with an asterisk indicate a course which has a prerequisite, is part of a series, or has special requirements. See the Catalog for details. *

- 0825 U.S. History
- 0816 *AP U. S. History
- 1003 *Social Science Skills - per IEP placement only
- 1012 *ILS Soc Studies - Self Contained Class - per IEP placement only

Courses and Requirements continued

For each choice you make, you will only be allowed to select one answer. You will either be asked to check a box, or make a selection from a drop down menu:

Math

For help choosing a Math Course please refer to the [Math Course Sequencing Options](#) link in Catalog.

Choice 3 (C) Mathematics: Courses with an asterisk indicate a course which has a prerequisite, is part of a series, or has special requirements. See the Catalog for details. *

Students wishing to take multiple math courses will use elective spots for second math choice.

Please note the specific directions for each choice as you will need to keep track..

Science

Choice 4 (D) Science: Courses with an asterisk indicate a course which has a prerequisite, is part of a series, or has special requirements. See the Catalog for details. *

Students wishing to take multiple science courses will use elective spots for second science choice. Students who have completed their science requirement and do not wish to take science must select "I have completed my Science Requirement" in the dropdown.

Step 4: Electives and Alternates

Remember, you need electives to fulfill your graduation requirements.

In many cases you will take more electives than are required for graduation. Most classes are specific to fulfilling more than one role beyond simply meeting a *single* requirement.

Please be thoughtful in choosing your electives and make sure you include alternates. Your choices impact what we offer. We do our best to schedule you in the classes you want but the reality is not all schedules work. That is why we need to have alternates. Otherwise, you just get placed in what is left over.

Step 5: Making up failed classes

If you have a required course such as English, math, etc...that you failed, you have an opportunity to make a note of it and possibly retake that class next year. This is not a guarantee that you won't have to take summer school, but it provides us with important information.

LEAVE THIS SECTION BLANK IF IT DOES NOT APPLY TO YOU!

Section 3 of 4

Required Courses I need to make up due to failure from previous terms. Leave blank if not applicable!

Please use a split screen to refer to your transcript. Students needing more than three class repeats will need to email their counselor to schedule a meeting.

Please write in the class you need to make up:

Short answer text

Please select the term of the class you need to make up. Example: English 10.2 second half of class

First term - first half of class

Second term - second half of class

Both terms - entire class needs to be retaken

Step 6: Confirmation and Submission

The last part of registration is the confirmation and submission page.

Read it carefully.
