Parent Portal User Guide

Introduction

Research shows that when parents are engaged, students become more active participants in the educational process, which helps mitigate problems, instills better study habits, and addresses issues as they arise all of which are key factors in academic success. More than ever, parent/guardian involvement is critical to the academic success of their children.

Dinuba Unified School District is offering parents access to their children's PowerSchool information over a secure internet connection, commonly referred to as the PowerSchool Parent Portal. By providing our parents/guardians a way to view student grades and attendance we are taking yet another step to promote student success.

PowerSchool's Parent Portal provides parents/guardians real time access to information tied to your child(ren), such as attendance, grades, and future assignment descriptions. Parents/guardians will only be able to see information for their own child(ren) through the use of their own PowerSchool Parent Portal account. In addition, allows teachers and parents/guardians to communicate electronically so that information is shared on a regular, timely basis.
