

# River City High School Service Learning Form

Students must complete 8 hours of service learning for a non-profit agency or charity group, a school, city or state agency, or a licensed nursing home or daycare. Service learning is a graduation requirement for River City High School and the Washington Unified School District. Students are not permitted to volunteer for parents if a parent owns their own business, unless that business meets the parameters above. If there are questions, please contact the AP office at (916) 375-7800 x2078.
