E-Mail Disclaimer

The e-mail addresses of teachers and administrators are listed below. They provide another means of communication between home and school.

Please be aware that faculty members are involved with teaching students during the day, and often their planning periods are taken up with such things as meetings and make-up work with students. For this reason, you might not hear back from a teacher the same day. Thus, if the message is time-sensitive, please phone the school or write a note.

Thank you for your kind understanding.

Patricia A. Collin Ed.d
Superintendent of Schools
