

Adopt-a-Hornet

Many parents and family members want to sponsor their child's teacher, but cannot donate as much as a business. We created the Adopt-a-Hornet program to allow more people to help sponsor classrooms. In the lunchroom, we have the CPES Hornet's nest and we have all the "adopted" hornets surrounding it. For \$50, you can adopt a hornet and have your child's name or family name printed on the hornet that will be put on display. If you have already paid the \$25 suggested donation for your child's homeroom, you can get a hornet for just an additional \$25. **100% of this money goes directly to your child's class!** If you choose, you may also adopt a hornet to sponsor a specific department within the school, such as, ESL, GRC, Music, P.E., Art, Library, Reading, or Guidance.

If you are interested in adopting a hornet, please make your check out to CPES and return it to the school in an envelope marked "PTO". Make sure to note your child's name and teacher or department you would like to sponsor. Thank you so much for your support!
