- Discussion of the Communications Sub-Committee's description

Mr. Cruson gave an overview of what the committee has done in the past and what other districts that have a communications committee do.

Mrs. Zukowski gave thoughts from the CABA conference including the need for transparency and a single point of contact. She then asked what the purpose of the committee would be going forward

Dr. Rodrigue gave her thoughts on what we do currently and the importance of creating communications funneled through the Board of Ed's lens

Mrs. Zukowski suggested we could be highlighting board specific achievements, legislation we are following, etc. She also suggested we can reach out directly to the other boards in addition to our public communications.

Mrs. Zukowski suggested that we could be a point for cross board and cross community communication. She also said we need to distinguish between the communication committee's job to be cross community and cross board and the district's job to communicate with parents in our committee description so it is clear.

- Discussion of first 2020 Board of Education Budget News

Mrs. Zukowski suggested that the title should be Budget Highlights

Mr. Cruson mentioned that in the past we had a section about grants which were important to the final budget.

Dr. Rodrigue said she could provide a list of grants that are active for next year as well as ending after this year.

Mrs. Zukowski said she could take that list and create an article outlining the changes.

Mr. Cruson mentioned that we should keep the points of pride

Mrs. Zukowski suggested we build the newsletter based on the points of pride

Dr. Rodrigue said she would send a list of items that she feels are points of pride from this year's budget. The committee generated a partial list:

Spanish Language is now K-6

Technology Deployment is 1 to 1, 9th grade devoted chromebooks

SAIL extension

More science at the elementary schools

Guidance Counselor in each school
