

2013-2014 IMMUNIZATION REQUIREMENTS

6th through 12th grades

6th grade

DTaP/Tdap	Elementary school requirement is met – usually 4 or 5 doses AND 1 dose of Tdap. There is no minimum interval between a Td and Tdap. Students can meet Tdap requirement even if had a Td recently.
Polio	4 doses required unless 3rd dose given after 4 years old
Hepatitis B	3 doses required
MMR	2 doses required (1st dose given on or after 1st birthday)
Varicella	2 doses required (1st dose given on or after 1st birthday) OR documentation of disease history by a health care provider

7th through 12th grades

DTaP/Tdap	Elementary school requirement is met – usually 4 or 5 doses AND 1 dose of Tdap. There is no minimum interval between a Td and Tdap. Students can meet Tdap requirement even if had a Td recently.
Polio	4 doses required unless 3rd dose given after 4 years old
Hepatitis B	3 doses required
MMR	2 doses required (1st dose given on or after 1st birthday)
Varicella	1 dose (given on or after 1st birthday) or documentation of disease history by a health care provider

Please note: Colorado School Entrance Immunization Law requires all students to provide proof of immunizations to attend school. A student may be suspended from school if proof of up-to-date immunizations is not provided.

- **If an immunization is against your religious beliefs, you must sign a religious exemption.**
- **If your child cannot receive an immunization for medical reasons, a physician must sign a medical exemption.**
- **If you have personal beliefs opposed to an immunization, you must sign a personal exemption.**

Exemption forms can be obtained from the health assistant or Registered Nurse at your child's school.
