Near and Long-Term Financial Risks

- How will our newly elected State officials manage the debt crisis in our State? How will the decisions they make around budget impact the funding to the Town of Plymouth?
- Will the newly elected State officials add additional burdens to towns and school systems through new legislation without additional funding?
- To what extent will our student demographics change and how will that impact the needs of our instructional programming?

Summary

- Given the significant funding gap that exists, the Plymouth Public Schools have managed to make gains in the areas of academics, social emotional learning, and opportunities offered to our students.
- The Plymouth Public Schools are in the bottom 10% of all districts as it relates to per pupil spending.
- Without additional support the education system will likely begin to lose ground.
- The Plymouth Public Schools have been a great partner with the Town of Plymouth to improve its financial health.
