

Future Liberty Lions,

We are so excited to welcome our Rising 6th Graders to LMS for the 2021-2022 school year! Please visit the Liberty Middle School website for all registration information. While we typically host a Rising 6th Grade Curriculum Night to explain the middle school registration process, this year we are sharing a video to tell you more about the registration process and curriculum offerings for your child(ren). Please watch the below linked videos based on your needs.

- 2021-2022 LMS Rising 6th Virtual Parent University - <https://youtu.be/X2Rgd9bQ4tk>
- If your student is interested in band, please view this video with your child(ren): <https://youtu.be/9RN9uGbzJZI> and visit this website to learn more information: <https://sites.google.com/madisoncity.k12.al.us/mcsnewtoband>

There is an LMS Band Interest Meeting March 23 at 6:00 pm in the LMS Gym. Please wear a mask and maintain appropriate social distancing. There are also required instrument screenings for students to sign up for in order to select instruments. You can sign up here: <https://www.signupgenius.com/go/5080848a5ac23abfe3-dmsinstrument> If you have specific questions about band, please email Mrs. Rakoff at grakoff@madisoncity.k12.al.us.

- If you are interested in more information regarding the new Math Course of Study for all grade levels of middle school, please view this video by our district math specialist, Peggy Dupree: https://drive.google.com/file/d/1qIf0_n-N6-HCOsN6o8AKrg7yu-XR11jy/view?usp=sharing

If your student is interested in Advanced Theatre, Digital Communications, Greenpower, Science Olympiad, or Yearbook, there are required applications, auditions, and/or interviews. There are specific deadlines for completing requirements. Please see the LMS website for all details. If you have questions, please email that class's teacher.

We also have Virtual Coffee with the Counselor sessions for our Rising 6th grade parents/guardians. These are optional small group WebEx sessions to help parents/guardians with specific questions or additional guidance with the registration process. These sessions require a reservation via this link:

<https://www.signupgenius.com/go/8050449afad2aabfa7-optional>

Once you have signed up, you will receive an email with the WebEx link from a counselor before the day of the session. We highly recommend that you watch the Virtual Parent University video, view the registration resources on the website, and complete the Parent University Feedback form first because most questions will be answered by those activities. If you still need more assistance, then we encourage you to sign up for a Virtual Coffee with the Counselor session.

Rising 6th grade students will receive printed registration packets at their elementary schools in the upcoming weeks. You can also use the fillable PDF packet on the LMS website if you prefer. These completed packets will be due to your elementary school's designated teacher by April 14. Please make sure to include a parent signature.

If your student is virtual, you can print off the registration packet from the LMS website or stop by the LMS front office for a printed copy. All virtual students should drop off their completed registration forms to their elementary school's front office by April 14.

We are excited about all of our options for the 2021-2022 school year, and we want to help you through this process as much as we can! Please do not hesitate to reach out to your student's teachers and/or complete the [LMS Registration Google Form](#) with any questions you may have!

Go Lions!
