

# 2021-2022 Southlawn Elementary School ACIP

## Southlawn Elementary School

### Vision

Southlawn Elementary is a place where all students strive for excellence socially, emotionally, and academically in a supportive atmosphere to discover their maximum potential for future endeavors.

### Mission

Southlawn Elementary seeks to create a challenging learning environment that encourages high expectations to ensure success in a global society.

### Beliefs

Every student has the right to educational services based on their individual needs.

#### Student Learning

##### Objectives

- Provide high expectations to ensure that students are increasing proficiency in math from 0%- 10% and in reading from 11% -21%.

##### Critical Initiatives

- Implement extended learning opportunities into the curriculum that's provided by the district and school to support the academic achievement of the Tier II and III students.
- Provide additional personnel to support the classroom instruction for administrator, coaches, teachers, and students.
- Implement strategies, resources, and programs that promote high expectations for all our diverse learners during daily whole group and small group instruction.

#### Professional Learning

##### Objectives

- Provide purposeful professional development to support the classroom instruction.

##### Critical Initiatives

- Implement professional learning communities to assist students and teachers with instructional support and academic performance in the classroom.
- Plan, implement, monitor, and evaluate professional development that support student and adult learning outcomes.

#### Climate and Culture

##### Objectives

- Improve school climate and culture.

##### Critical Initiatives

- Implement student, teacher, and parent motivational incentives.
- Provide Positive Behavior Incentives and Support for the student, faculty and staff.
