Newtown Public Schools

Device Insurance Program Form 2022-2023 School Year

The **Device Insurance Program** is offered to students in all grades who are assigned a device. The program protects students and families in the event that the device issued to a student is stolen or damaged due to no fault of the student. The program covers accidental damage or theft of the device subject to the following: \$0 deductible for the <u>first</u> occurrence per year and \$50 deductible per occurrence thereafter. This coverage is renewed annually at the start of each school year.

Students and parents may be charged for any intentional damage to the device caused by the student or for a lost device.

Insurance must be renewed annually

PREMIUM: The cost for the school year is \$20.00. In the event a student withdraws from the district, the premium is not refundable. If a family does not enroll in the program, the family is responsible for the full cost of replacement parts and labor or full replacement cost of the device, charger, and case.

To enroll, Parents or Guardian must elect coverage by completing this form for each child and submit a \$20.00 **check payable** to Newtown Public Schools by **September 30, 2022.** The completed form and check are to be returned to your child's home room teacher in Grades K-8. High school students return the completed form and check to the main office at the high school.

Please include "Device Insurance" on the check memo.

| Families experiencing economic hardship may request a fee waiver by contacting their school administrator. | | | | | | | | | |
