AUHSD Overnight Field Trip Guidelines **2022-2023**

These guidelines are for the 2022-2023 school year only. These guidelines may change without notice based on CDC, State, and County requirements and recommendations. Groups may lose deposits for an overnight field trip in the event of a field trip being canceled.

When applications for overnight trips are reviewed, the instructional and curricular benefit, level of competition needed and if local alternatives are available will be considered.

Requirements for an overnight field trip

- [Groups must follow the AUHSD Overnight Field Trip Request Form process](#)
- Travel outside of the State of California is discouraged
- All students, staff, and chaperones must have a negative antigen or PCR COVID-19 test result within 48 hours of departure. Tests must be performed by school staff or be documented from a lab or healthcare provider
- All overnight field trips must have one staff member and at least one other staff member or chaperone
- Parent/guardian/designee must be able to arrange pick up of their student in the event they test positive for COVID-19 while on the field trip
- The school must have a staff member on-call to take over supervision in the event that the staff chaperone tests positive for COVID-19 while on the field trip
- It is recommended that staff members and chaperones have separate rooms
- The field trip request must include a plan in the event that a student, staff member, or chaperone tests positive for COVID-19 while on the field trip
- Transportation in cars or a private bus is recommended
