What is a Counselor?

What will we do?

- Talk
- Art
- Play

It depends on how I can help you! We will usually talk for about ten minutes. My room is near the computer lab.

I can't always fix your problem. I will help you to figure out the best thing to do and help you to achieve your goal!

Shhh!! Is it a secret?

When do I talk to you?

How do I talk to you?

1. Emergency situation: someone is hurt, I might be in danger
 - Tell your teacher or any adult you see to find the counselor
2. Not an emergency
 - Tell me when I see you for class lessons
 - Tell your teacher when she is not in the middle of teaching
 - Tell me when you see me for lunch or recess
 - Write a note and give it to your teacher
3. When I will see you

Class Lessons

I will see you every few weeks in your classroom.
