The prompts generally take two days, students may use a dictionary, thesaurus, word wall, etc. to help them write but their writing needs to be done independently. As you score the prompts, it would be beneficial to identify anchor papers to recommend to Curriculum Council.

Scoring

Please input the scores into IO by the deadlines noted above. If you need assistance, please contact me. Access the input area under Input/Edit Scores (not Responses), either from the top menu or from one of the tiles on your Home page.

Collaborative scoring provides a measure of calibration and ensures teachers are using the rubric in the same way. Using the rubric, grade level colleagues independently and silently read the student work to result in two scores for each student paper.

Record the numerical scores for each student for the four or five areas on the rubric. The scoring rubric and evidence in the student work should always be the basis for the score, rather than the relative strength or weakness of a piece.

Once two scores have been determined, average the two for a final score in the four or five categories according to the rubric and enter them into IO. Please note IO will not take a decimal score, the final score must be a whole number. If a student receives a 2 and 3 for a category, the average is 3, not 2.5. Round up!

If you need assistance with scores input or have any questions, please contact me.

Thank you,

Liz

Benchmark Writing Assessment Team Scoring

Trade and score each other's Benchmark Writing assessments using the grade level rubric and the scoring sheet.

Trade back samples and calibrate for a 4, 3, 2, 1 paper so there is some agreement on scoring. Record scores on the scoring sheet.

Discuss results and analyze for trends and patterns: What are areas of student strengths and what areas need more attention? Analyze for both writing content and writing conventions. Use the organizer below to record your team analysis.
