## Launch Guide

## Before you start:

- Your school needs to be in the GiveThx system.
- You should be comfortable with the app. Assign a General Thx reflection task to the Staff Class.
- Initial core staff team need to be made into facilitators (*email [amy@givethx.org](mailto:amy@givethx.org) to make sure this is done*)
- You will need your staff class code (*on slide 15*)
- Print or share** the [Implementation Checklist worksheets](#) and fill out as you go through this guide. Look for ★ to indicate decisions to record in the worksheets.

**110 minutes**

# Launch Goals

Participants will be able to:

1. **Identify** key stakeholders
  2. **Understand** importance of gratitude practice
  3. **Define** anchor times and routines (for staff and students)
  4. **Plan** rollout (for staff, students, school)
  5. **Design** program assessment
- ★ *Use the Implementation Checklist worksheets to summarize your planning (tasks are outlined in the slides throughout and noted with the star).*

## Who's on Board?

Discuss and record the following in the **School Educator Lead**, **Staff Collaborators**, and **Administrator Supporter** areas of your Implementation Worksheet:

- ★ **Who is the school educator lead?**
- ★ **Who are the core staff collaborators?**
- ★ **Who is the administrator supporter?**

# Gratitude Science

(10 min)

*"It helps people feel better and that's what makes me feel better."*

**- Erica, 2nd Grade**

# Gratitude

**Directions:** Read the slides in the Gratitude Science section as a group. Take turns reading aloud.

- ❖ Feeling thanks and appreciation for good things in the world and the benefits we receive from them.
- ❖ We can be grateful for **things** like our health, having enough to eat, being done with a test, etc.
- ❖ We can be grateful to other **people** for things they do for us and our community.

## Expressing Gratitude

- ❖ Increases Happiness
- ❖ Strengthens Relationships
- ❖ Builds Self-Esteem
- ❖ Reduces Stress & Anxiety
- ❖ Rewires Brain for Resilience

## Research-Based Practices

- ❖ Journaling
- ❖ Letter Writing
- ❖ Strengths Inventory

# What is GiveThx?

- ❖ A **curriculum** & **web app** that strengthens student wellbeing and social-emotional skills
- ❖ A student **and** staff practice of sending digital thank yous and completing reflections to recognize & reinforce prosocial behaviors, belonging, and community
- ❖ A **schoolwide, student-centered, positive behavior recognition system** integrated into classes, advisories, staff meetings, etc.

## Why use Technology?

- ❖ **Equitable Access:** An identity safe way to transcend social barriers like race, class, gender, language, age, popularity, role (student/teacher).
- ❖ **Learning:** What could you learn seeing all your thank yous in one place? GiveThx reveals impact patterns, building self-esteem & culture.
- ❖ **Intervention:** Seeing evidence at individual, class, and school levels helps coach practice and identify and support isolated students.

"You get to tell people how you feel about them. You don't have to tell everybody out loud."

- **Matt, 2nd Grade Student**

"For people you don't usually talk to, don't have a good connection with, you can send a friendly message and maybe have a better friendship together."

- **Julia, 2nd Grade Student**

"GiveThx encourages children to find the good within each child in their community. It encourages compassion, kindness and gratitude while fostering one's self esteem and image in a positive way."

- **Ms. S, 2nd Grade Teacher**

**Why use GiveThx?**

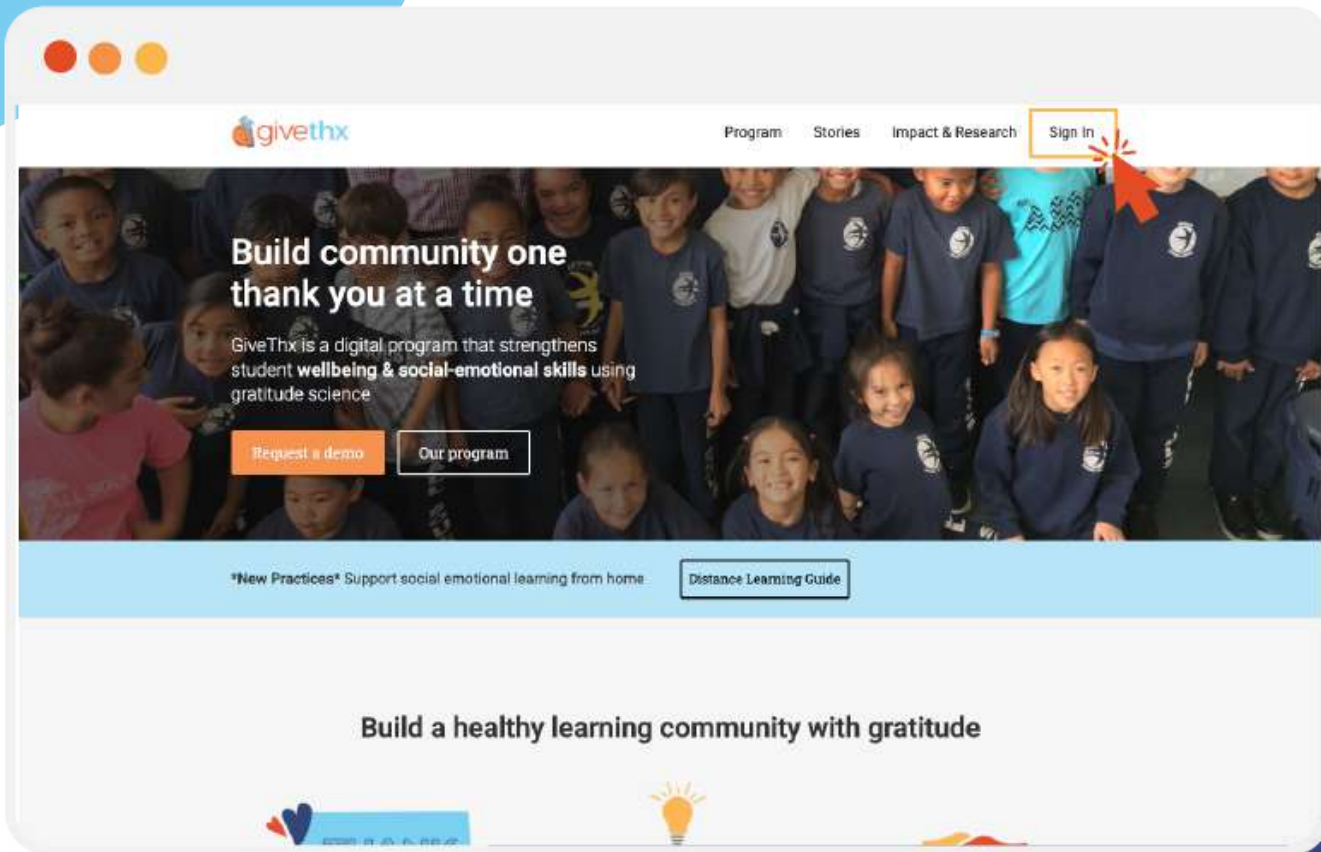

# Practice Together

## (20 min)

“It gives students the chance to become more aware of themselves and of their peers and to communicate those feelings appropriately.”

**- Ms. H, 4th Grade Teacher**

## Give & Review

### Partner Gratitude

- ❖ [Individual](#): Send a thx note to someone you worked with today in your group. Thank them for something they shared or a way they participated in the partner work to make it successful.

Finished early? Send another Thx note to whomever you like.

## Give & Review

### Partner Gratitude Debrief

Individual: Review the thx note you received (*scroll down on your home page*).

#### Popcorn:

- ❖ Is this general or interpersonal gratitude?
- ❖ Where might this practice fit during a class?
- ❖ How might it impact behavior, relationships, self-esteem?

# Using Reflections

## General Reflection

## Reflection Prompt

What are we most grateful for as a class? Why do you think that is?  
What are some things we have not been as grateful for? Why do you think that is?  
Be prepared to share with a partner and the class.

**Coach** students to improve their practice using individual and class data.

# Social-Emotional Competencies

## (20 min)

“It gives students the chance to become more aware of themselves and of their peers and to communicate those feelings appropriately.”

*- Ms. H, 4th Grade Teacher*

# Social-Emotional Competencies

## In small groups, discuss:

- ❖ What are SEL competencies we already focus on? *(for example, have a set of 5 principles of a good learner)*
- ❖ What are SEL competencies we want to focus on?

---

### Our most popular are:

Caring, Commitment, Compassion, Cooperation, Courage, Encouragement, Friendship, Generosity, Help, Honesty, Humor, Kindness, Listening, Patience, Positivity, and Respectfulness

## Social-Emotional Competencies

### Decide:

- ❖ Write down the top contenders from each group (*on a flip chart or in a shared doc*). Now, each participant should check off the top 5 they want to focus on as a community.
- ❖ Select the top 10 as a whole group

---

★ Record the top 10 competencies you want to use in your Implementation Checklist. Send these to [amy@givethx.org](mailto:amy@givethx.org) to set up in your account.

# Anchor Times & Routines

(20 min)

"The best part was receiving thanks from other classmates. It made me feel like I was welcomed in the community and it made me feel happy."

**- Maria, 7th Grade**

# Key Considerations

## Giving

- ❖ 2nd grade and up can use GiveThx (basic reading & writing needed)
- ❖ Students may only send notes to people in classes they join
- ❖ Staff may send and receive notes to/from anyone in the school
- ❖ Students and staff may send notes at any time, not just during class
- ❖ Staff can turn off the ability to send Thx notes for an entire class
- ❖ Thx note tags should align to core school behaviors and values
- ❖ GiveThx is most effective when **all** staff participate

## Monitoring

- ❖ Staff see every thx note and reflection of students in their classes
- ❖ Staff can remove messages and freeze a student's ability to send
- ❖ Staff can see giving/receiving, identify isolated students, & intervene

# How will we use GiveThx as a Staff?

## Directions:

Break into groups to discuss the prompts on the following slides. Groups could be by department, grade, division, etc.

- ❖ For expected impact, GiveThx should be a regular practice for students and staff:
  - $\geq 20$  minutes / week with  $\geq 80\%$  students
  - $\geq 5$  minutes / week by  $\geq 50\%$  staff
- ❖ The class/space/time needs to work for your community - this could be staff meetings, department meetings, PLC's...
- ❖ Usage could be all at once or multiple times a week.

# How will we use GiveThx as a Staff?

## Discuss in Groups:

What are ways we can use GiveThx to support **staff** wellbeing?

- ❖ What are practices we already have during staff time?
  - ❖ How could this be helpful to me as an individual? As a member of this community?
- 

★ Record your **Staff Routines** and **Staff Time/Day of Week** in the Implementation Checklist Worksheet

# How will we use GiveThx with Students?

## Discuss in Groups:

What are ways we can use GiveThx to support **student** wellbeing?

- ❖ What are practices and routines we already have during class time?
  - ❖ Where are places we could anchor student practice?
  - ❖ How could this be helpful to students as individuals and members of this community?
- 

Remember your student routine ideas in the next section where you will plan which practices best compliment them

# Review & Schedule Practices

## (35 min)

"[GiveThx] allows me to say thank you to people confidently. I am really enjoying it and I feel like it has had a positive effect on us and made me feel closer to other students."

**- Mark, 8th Grade**

# Review Practices

## Directions:

Explore through the [GiveThx Practice Guide](#). As you review the practices, consider which will compliment the student and staff routines you named. Note that practices include Thx Notes and Reflections.
