

## Business/Non-Instructional Operations

### Food Service

#### Charging Policy

The goal of the food service program is to provide students with nutritious and healthy foods, through the District's food services program, that will enhance learning. The school nutrition program is an essential part of the education system and by providing good-tasting, nutritious meals in pleasant surroundings; we are helping to teach students the value of good nutrition.

The Board of Education (Board) has an agreement with the Connecticut State Department of Education to participate in one or more school Child Nutrition Programs and accepts full responsibility for adhering to the federal and state guidelines and regulations pertaining to these school Child Nutrition Programs. The Board also accepts full responsibility for providing free or reduced price meals to eligible elementary and secondary students enrolled in the District's schools. Applicants for such meals are responsible to pay for meals until the application for the free or reduced price meals is completed and approved. All applications for free and reduced price lunch and any related information will be considered strictly confidential and not to be shared outside of the District's food services program. Meals are planned to meet the specified nutrient standards outlined by the United States Department of Agriculture for children based on their age or grade group.

**Note:** *At the discretion of the school food authority, schools participating in the National School Lunch Program and School Breakfast Program may offer meals at no cost to children who would otherwise qualify for reduced price benefits. This is a strategy to consider to prevent children eligible for reduced price meals from accruing unpaid meal charges.*

Although not required by law, because of the District's participation in the Child Nutrition Programs, the Board approves the establishment of a system to allow a student to charge a meal.

The Board realizes that funds from the non-profit school food service account, according to federal regulations, cannot be used to cover the cost of charged meals that have not been paid.

In order to sustain the District's food services program, the District cannot permit the excessive charging of student meals. Therefore, any charging of meals must be consistent with this policy and any accompanying regulations. The Superintendent or his/her designee shall develop regulations designed to effectively and respectfully address family responsibility for unpaid meals.

Any parent/guardian who anticipates a problem with paying for meals is encouraged to contact the Food Services Manager/Director and/or the applicable school Principal for assistance. The Board encourages all families who may have a child eligible for free or reduced price lunch to apply.

### **Food Service**

#### **Charging Policy** (continued)

A daily email will be sent from the Chef/Manager to families as soon as they have a negative balance. A weekly email will be sent from the Chef/Manager to families as soon as their balance goes under \$10.00 if they are regular paid lunch and under \$4.00 if they are reduced paid lunch. Families using the optional My School Bucks system can set a notification reminder at any dollar amount they would like. The notification reminder is optional as well. When families reach a negative balance of \$10.00, the Chef/Manager will notify administration and administration will send a letter home. Students with a negative balance will not be allowed to purchase items with cash – snacks, water bottles or milk.

#### **Definitions**

**“Delinquent Debt”** are unpaid meal charges, like any other money owed to the nonprofit school food service account when payment is overdue, as defined by state or local policies.

**“Bad Debt”** are when unpaid meal charges are not collected and are considered a loss. Such debt must be written off as an operating loss, which cannot be absorbed by the nonprofit school food service account, but must be restored using nonfederal funds.

#### **Delinquent Debt and Bad Debt**

The District’s efforts to recover from households money owed due to the charging of meals must not have a negative impact on the children involved and shall focus primarily on the adults in the household responsible for providing funds for meal purchases. The school food authority is encouraged to consider whether the benefits of potential collections outweigh the costs which would be incurred to achieve those collections.

Money owed because of unpaid meal charges shall be considered “delinquent debt,” as defined, as long as it is considered collectable and reasonable efforts are being made to collect it. Such debt must be paid by June 30, effective with the 2017-2018 school year.

After reasonable attempts are made to collect the delinquent debt, and it is determined that further collection efforts are useless or too costly, the debt must be reclassified as “bad debt.” Such debt shall be written off as an operating loss not to be absorbed by the nonprofit school food service account but must be restored using non-federal funds.

#### **Charging Policy**

#### **Dissemination of Policy**

This policy shall be provided in writing to all households at the start of each school year and to households transferring to the school or school district during the school year.

This policy shall be included in student/parent handbooks, on online portals that households use to access student accounts, placed on the District's website, on the website of each school, and published at the beginning of each school year at the time information is distributed regarding free and reduced price meals and again to the household the first time the policy is applied to a specific child.

This policy shall be provided to all school staff and/or school food authority staff responsible for its enforcement. In addition, school social workers, nurses, the homeless liaison, and other staff members assisting children in need or who may be contacted by families with unpaid meal charges also should be informed of this policy.

The District's school food authority shall maintain, as required, documentation of the methods used to communicate this policy to households and school or school food authority-level staff responsible for policy enforcement.
