Attendance Expectations during remote learning

- **I respect the flexibility of the virtual program and I want nothing more than successful learners and academic and social growth. Please know that student participation on Edgenuity and/or Zoom counts as a present.**

Parent/Student Expectations during remote learning:

- **Students are prepared to learn.**
- **Students have materials in a designated space close by (I highly recommend making a school cart).**
- **Students do not have any toys, food, pets, or other items which may distract them**
- **Students know how to mute and unmute themselves**

Online Programs:

- **Edgenuity**
- **I-Ready**

Graded Work:

- **Teachers will be monitoring student work through the Edgenuity platform. If there is an extra something that assignment and its point value will be in google class.**
