Please note that most of these supplies will be kept at school for in-class use. You may want to consider getting a few supplies at home to use for homework. A small "homework kit" with #2 pencils, mini pencil sharpener, crayons, colored pencils, wide-ruled paper, ruler, scissors, and of course glue.

Also, since during this time of year stores offer great deals on school supplies, we recommend getting extras and saving them at home for later in the year.
