Here are the spelling words we should know for Unit 6 Week 1. Log in to the <a href="#">Benchmark website</a> with your username and password. I have assigned an eBook version of the book we use in class. You can find the story under “assignments”, listen to it being read to you, see if you can find these spelling words and highlight them or write them down and practice them during the week.	In the coming weeks I will try to post our Spelling and Grammar pages for this week and this unit. These can be done on paper if you want to print each one, or right from the screen as an oral activity.	Students should use their journal entry as an opportunity to practice good writing skills. Every sentence should start with a capital letter, and students should use correct spelling, punctuation, and strong word choices. Our goal is 5 sentences including a topic sentence, 3 supporting details, and a concluding sentence.	Ask someone at home to give you a Spelling quiz and a math quiz this week, and let me know how you did!! It’s a great way to continue what we do in class and get ready for 4 <sup>th</sup> grade! 😊
