

MADISON PUBLIC SCHOOLS NETWORK USE AGREEMENT GRADES 4 - 8

The use of computers and electronic devices (hereafter referred to as “computers”) in school is a privilege, not a right. I understand that my behavior and language are to follow the same rules I follow in my class and in my school. Failure to adhere to the following rules may result in the loss of this privilege. To help myself and others, I agree to the following promises:

1. I will practice good digital citizenship.
2. I will use school computers and printers only to do school work, as explained to me by my teacher and not for any other reason. I will not use a school computer or printer for personal or illegal purposes.
3. I will only store materials related to my schoolwork on school computers.
4. I will not attempt to load programs or inappropriate material onto school computers.
5. I will not plagiarize digital content and present someone else's words or ideas as mine. I will not violate any copyrights or license agreements.
6. I will not give my password to anyone else, and I will not ask for or use anyone else's password. I will never log onto a school computer or resource as anyone but myself. I will not leave an open file or open session unattended. I accept responsibility for all activity associated with my user accounts.
7. I will not provide any personal information about myself or anyone else, such as my name, address, age or telephone number when using the computer/Internet. I will tell a teacher if I am asked for personal information.
8. I will never make appointments to meet someone in person that I have only communicated with online.
9. I will be polite and considerate when I use the computer. I will not use it to annoy, be mean to, frighten, tease, or poke fun at anyone by using media, swear words, or rude language.
10. I will not use the computer to bully or threaten anyone, including teachers, classmates or other students.
11. I will not try to see or to send anything that says bad or mean things about anyone's race, religion or sex.
12. I will not intentionally damage the computer or anyone else's school work.
13. If I have or see a problem with the computer, I will not try to fix it myself, and I will tell the teacher.
14. I will not tamper or interfere with school computers or the network. I will not attempt to “hack” the system or bypass any filters. I will not attempt to harm, modify, gain unauthorized access to district systems or data, destroy software, or interfere with system security.
15. I understand that my computer use is not private; my teacher may look at my work to be sure that I am following these rules, and if I am not, I may be forbidden to use the school computers and I may receive other disciplinary action.
16. I understand the importance of responsible use of computers and the Internet and promise to adhere to these principles while using computers outside of school as well. I understand that inappropriate use outside of school affecting the rights of other students may result in disciplinary action in school. I understand that the school's Code of Conduct applies while using computers and the Internet both in school and at home.
