No one can claim a right to privacy or unrestricted speech in the use of the District's systems.

Personal Use - Limited personal use is permitted as long as this does not increase the cost to the District or interfere with the operations of the network or with the performance of the employee's duties. Use of the District's digital resources at home can become a potential risk for viruses and spyware being introduced into the school network. Please use extreme caution when using district resources at home.

Despite our best efforts and beyond the limits of filtering technology, you may run across areas of adult content and some material you might find objectionable for the educational setting. We ask that you report these websites to the technology department to include in the filtering process. Faculty or staff should not seek to access sites that are inappropriate for the public school environment. The use of District online systems for personal gain, political lobbying or any other purpose which is illegal or against District policy or contrary to the District's best interest is NOT permitted.

Electronic Mail – While electronic mail can be a valuable tool, it is impossible to guarantee that it will be private. Do not send messages that are abusive, threatening, harassing, obscene, sexually oriented, discriminatory, damaging, illegal, false, or contain profanity. Do not send chain letters, virus warnings, urban legends or other unsubstantiated scares. Use the forward button with care (copy/paste is preferred).
