Science -Name your animal -Fill out the first page in your packet	Science -Use the outline provided for you in the packet	Science -Read the rubric provided for you and write your final essay	Science -Type or neatly write your final draft. Have an adult read it for you.	<b>Research Animal Project Due Nov. 18<sup>th</sup></b>
Create your 3-D Animal Habitat	Create your 3-D Animal Habitat	Create your 3-D Animal Habitat	Create your 3-D Animal Habitat	

#### Parent Information:

1. As future scientist, traveling around the world, students have come across a new species. Their job is to name the new animal and do an animal report. The packet sent home, has all the information and directions. Please take a few minutes to review it with your child before you start. They have seen samples in the classroom. This will do the research in-class and 3-D Habitat for at home.
2. For extra math support please use [www-k6.thinkcentral.com](http://www-k6.thinkcentral.com), [mr.mathblog.com](http://mr.mathblog.com) 4<sup>th</sup> grade, and/or before school tutoring.
3. Fourth grade math is hard, and the concepts will continue to get more difficult and complex as the year progresses. Please help them being on track with their math lesson at home. Thank you, families, for helping me help your child with their homework.
4. Parent –Teacher conferences will be the week of October 21<sup>st</sup> - 25<sup>th</sup>. Please mark your calendars. More information will be sent home soon. You will receive an email from Sign-Up Genius to select your day and time.
5. **Donations Needed: Treasure Chest items, headphones (5), and whiteboards (5)** (students get paid weekly for doing their HW and classwork. They can't wait to spend their money. Thank you for your support!)

Thank you for all your help,  
Mrs. Basin

#### Student Information:

1. Remember to do your homework every night and be ready to submit it in daily.
2. Thank you for being responsible and trying your best every day.
3. Remember to follow directions the first time.
