Place Value in Whole Numbers

Home Link 1.1

NAME _____ DATE _____ TIME _____

Family Note In this lesson your child explored the relationships between place values in numbers. Have your child read each number below. Examine the digit 6 in each number.

Hundred-Thousands	Ten-Thousands	Thousands	Hundreds	Tens	Ones
600,000	60,000	6,000	600	60	6

When the digit 6 moves left one place, its value becomes 10 times as large as it was in the previous place. For example: 60 is 10 times as large as 6, and 600 is 10 times as large as 60.

① a. The 8 in 203,810 is worth _____. b. The 6 in 56,143 is worth _____.

c. The 7 in 573,090 is worth _____. d. The 1 in 140,007 is worth _____.

② How does the value of the digit 4 in 489 differ from the value of the digit 4 in 5,741?

③ a. The value of 8 in 56,982 is _____ times as large as the value of 8 in 156,408.

b. The value of 8 in 800 is _____ times as large as the value of 8 in 80.

c. The value of 9 in 4,934 is _____ times as large as the value of 9 in 1,290.

④ a. Write the number that has . . .

- 7 in the thousands place
- 6 in the ten-thousands place
- 5 in the hundreds place
- 8 in the ones place
- 3 in the tens place

b. On the back of this page, write this number in words.

Meet Mrs. Howard

I have the pleasure of working with your child this year. I believe that, together, we can create a powerful team, geared toward an outstanding year of learning for your child. I look forward to us watching them grow!

Let me begin by telling you a little bit about myself. I graduated from WKU with a Bachelor's of Science in Elementary Education in 2012. In 2014, I completed my Master's Degree in Teacher Leadership from WKU also. This is my 4th year at Rineyville Elementary. I have been lucky enough to be in 4th grade every year. It's truly my favorite age to teach!

I am married to my high school sweetheart, Brian, we live in Rineyville, with our son, David, and our daughter, Adeline. In my free time, I enjoy traveling to new places, running, shopping, and spending time with family.

My name is Ciji Thurman and I will be your child's fourth grade science and writing (if you are in my homeroom) teacher. I am sure we will have a magnificent 2017-2018 school year. First, I would like to tell you a little about myself.

I am a Western Kentucky University and Campbellsville University graduate. I know that all students can be successful and strive for each of my students to do so. Success is not measured in 100% grades but also in character and growth.

I am a daughter, a sister, and an aunt. My father was in the military and because of this I am an Army Brat and have had the pleasure of living in different places and encountering different people.

I enjoy art (I'm a Cubist artist), reading, shopping, and spending time with my family. I look forward to working with your child. If you have any questions and/or comments for me do not hesitate to contact me!

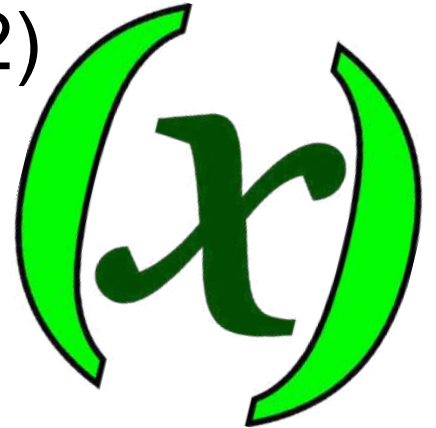

Math Requirements:

Students are to master multiplication (0-12)
