

# Welcome to

---

# 4th Grade

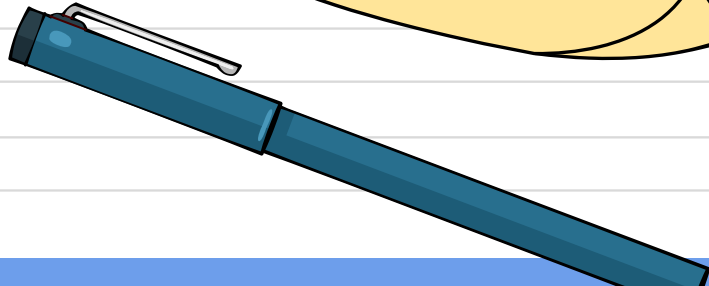

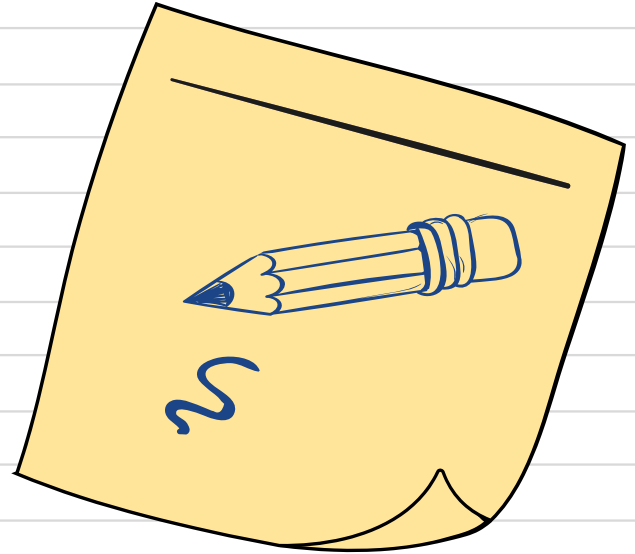

---

School year 2021-2022

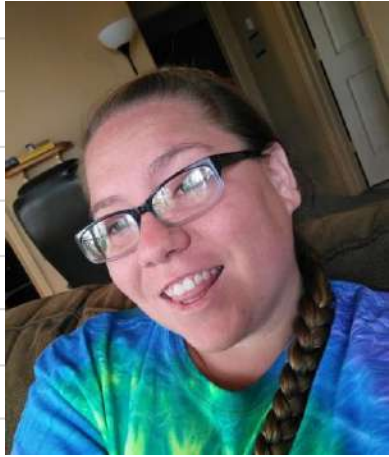

# Meet your Teacher!

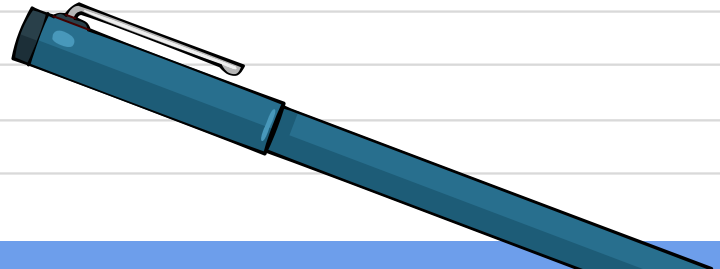

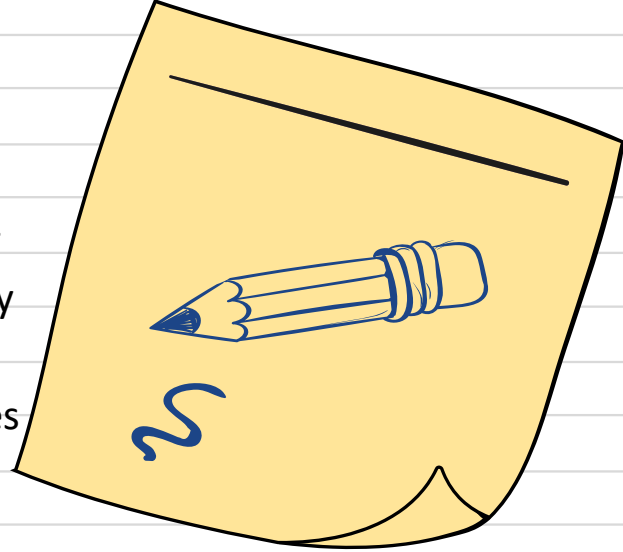

Hi! My name is Ms. Craddock and this is my 2nd year with 4th grade. I love being outdoors, yoga, spending time with family, and exploring. Some of my favorite things about 4th grade are the books we get to read, and the math we will learn! I am so excited to get our year started!

# Meet your Teacher!

Hello! My name is Ms. Horn and this is my second year teaching 4th grade. However, I have been working with students at York for the past 5 years. I love spending time with my family, swimming, camping, and reading. I can't wait to start our new reading adventures this year. I am so excited to start this new learning journey with you!

# Drop off and Pick Up

Drop off is at **8:05**

Parents are not allowed on campus.

4th grade students will come straight into our classrooms each morning.

Pick up at **3:25**

Please drive through the Kiss and Go loop to pick up your child. There is no parking in the loop. Students will walk to your car. Students need to leave the school campus after 3:25 pm.

Please be patient the first few days as we are all figuring it out together!

# Daily Schedule

## Core Subjects

We will be teaching reading, math, and writing as usual while maintaining our online platforms.

## Lunch

Lunch will be eaten in the cafeteria.

## Recess

Your child will get two, 20 minute recess breaks in the day in addition to short outdoor mask breaks, as necessary.

## Studios

Students will attend studios in the separate studios classrooms.

# What to Bring Each Day

A Clean Mask  
(if wearing a mask)

Healthy Snack

Chromebook and  
Cord

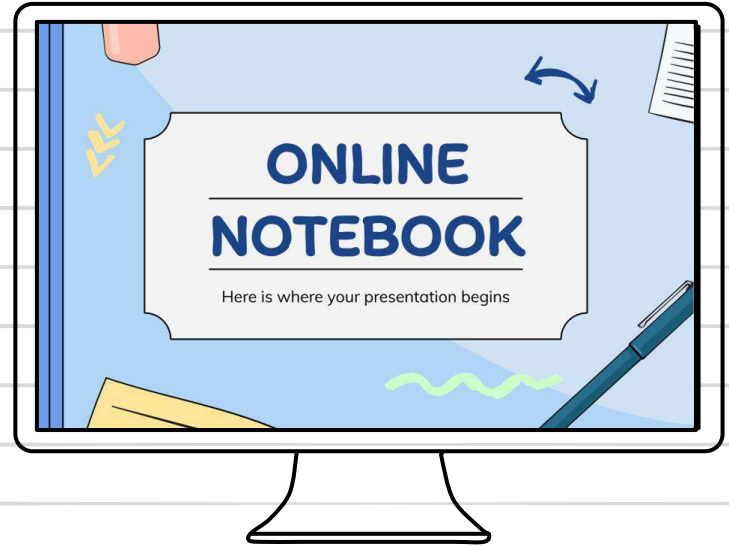

A water bottle

# Chromebooks

The chromebook is for school use **only**. It needs to be charged at home and brought to school each day then taken home at the end of the day. This prepares students for remote learning at any time. Please reinforce appropriate technology use at home.

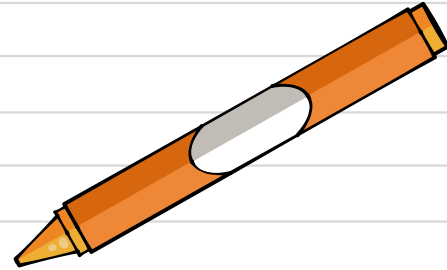

# We will be using Canvas

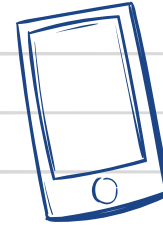

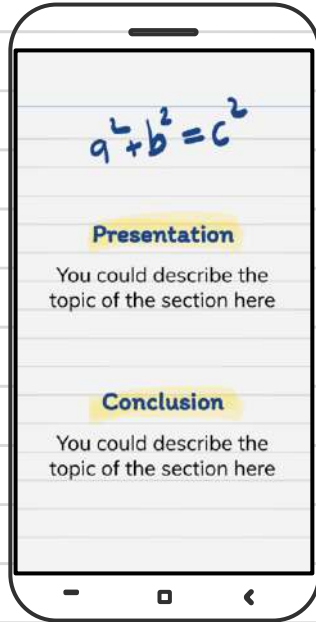

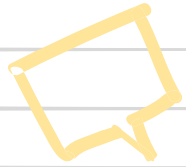

Canvas is an online platform for delivering instruction.

We will teach students how to use Canvas because at any time if we go remote, they will use this technology to continue learning.

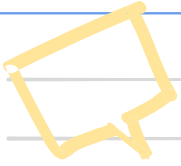

# Remind App

We will be using Remind again this year. To sign up, please follow the instructions on the following page for your child's teacher.

# Classroom Safety

## Hand Sanitizer

Each classroom has wall-mounted hand sanitizer.

## Air Purifiers

Each classroom has an air purifier.

## Masks

Teachers and students are encouraged to wear a mask if they would like.

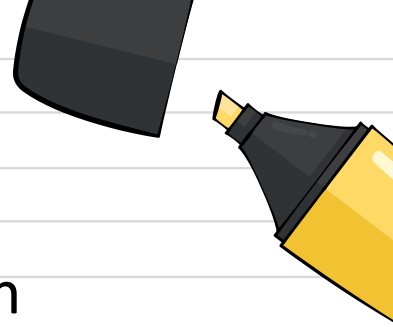

## Cleaning Supplies

Each classroom has ample cleaning supplies.

## Temperatures and staying home

Please take your child's temperature at home each morning. **DO NOT SEND YOUR CHILD TO SCHOOL IF THEY ARE SICK.** This helps protect our entire class as well as our families at home. If your child is sick, they can find our agenda at home on Canvas.

# Final Thoughts

## Dress for the weather

We are encouraged to teach and spend time outside in our outdoor space. Make sure your child is dressed appropriately each day.

## Reinforce Safety Measures

Please reinforce how important it is to wash your hands, and stay home if you are sick.

## We can do this together!

If we all commit to it, we can do this together! Thank you! Let's do it.
