Building a Legacy of Leadership and Service

Volume 14, Issue 19

News from the Flight Deck:

This week it was great to see so many of our parents and family members here on campus helping our Aviators celebrate during their Friendship Parties. It was also exciting to see how many Aviators have already signed up to take advantage of the wonderful enrichment programs we are now offering. If your Aviator hasn't signed up there is still space available. Check out all the opportunities [HERE](#)

On Tuesday, we are looking forward to welcoming back to Cal Aero former ASB President Ally Plata, who is now a senior at Chino Hills High School, during the combined city and district Student Government Day.

Enjoy time with your family and friends over this three day weekend.

Welcome back! right now, we are in the process of going through our second round of internal PBIS evaluations. We have teachers, counselors, and administrators doing classroom visits and interviewing staff and students to determine how faithfully our campus is implementing PBIS principles. I'm pleased to brag that as we go around, we see so much evidence of a system that supports our students being learners. Once the state conducts the official external evaluation, we'll be sharing that official data with you all on our school website. I also wanted to share a resource with you, supporting PBIS at home, please feel free to look through it if you'd like to explore further. As always, if you have questions, let me know!
