4th & 5th Grade

Digital Passport

Digital Passport is a web resource for students from grade three to five to learn technology skills and learn digital citizenship. The site includes six areas in digital citizenship with videos and kid-friendly activities. Students work on and complete the 5 following missions.

Digital Passports 5 Missions

Twalkers Mission

Students learn the importance of focusing on one task at a time and avoid multitasking with a cellphone.

Sharejumper Mission

Students view online messages for appropriateness and decide whether information should be shared or kept private.

Digital Passport Missions

Search Shark
Students learn how to choose effective and relevant words when doing online searches.
Evolve Mission
Students make decisions on what to do if they or a friend is being cyberbullied.

Digital Passport Missions

Mix-n-Mash
Students remix media such as photos, musics, and text to create something new giving the appropriate credit for borrowed information.
