These forms are optional and may not be used to request a specific teacher. The staff works carefully as a team to match up students and teachers to ensure a successful year for all. ## **The Birthday Book Program**

Our Birthday Book donation is an optional program for student's staff members, family members or community members to donate a new hard cover book to the library on or near their birthday. The Donors will be recognized at Friday Flag Salute and the book will be placed in the library with a special label inside stating who donated the book and the special date of donation. This is a great way to wish a student a very special birthday and provide a gift to the school that will be enjoyed by many children for years to come. ☺

Any question please contact our Librarian, Mrs. Lee @ 445-4110 ext 3388

## **Murrieta Valley Unified School District News**

All schools in the district will get new solar energy systems next summer that could provide 15 to 20 percent of their electricity and cut energy costs. The project will cost \$10.5 million and will be paid for out of the district's facility budget. The funds cannot be used for school operational costs such as teacher salaries, school supplies or instructional materials.

By adding the solar systems, the district will receive rebates from the California Solar Initiative, which are expected to be \$500,000 per year for five years. In addition, the district will be eligible for lower electricity rates. The savings from the reduction in energy usage, lower rates and rebates will go to the district's general fund. The solar project is expected to save the district a minimum of about \$18 million 25 years.
