Leaving School

Please use the car line to pick up your student.

1st grade through 3rd grade

-  Students are dismissed at 2:15 and line up by grade level on the grass.
-  Car line: when students hear their name called, they go to the number of the spot their car will be at. They get into the car when it pulls up.
-  Parents walking up should wait on the grass away from the student lines. Students will be dismissed to them.

4th and 5th grade

-  Students are dismissed at 2:45 and line up by grade level on the grass
-  Students who walk home leave straight away
-  Students watch for their cars as they pull up
-  Students go to their parents as they see them arrive on the grass
-  **Students will no longer be allowed to wait at the side of the road on Dove Drive** because it is dangerous. There have been several near accidents with:
 - students playing on the sidewalk and running into the street,
 - students walking into the street to get into cars,
 - crossing the road where there is no cross walk to get into cars on the other side.

Picking up students on Dove Drive also causes traffic congestion which means car line gets stuck.
