Live Sessions using Google Meet

Each day students will be learning live on Google Meet, see the schedule for times. The link is located in Google Classroom. Live sessions will be held daily, Monday-Friday. Daily attendance is crucial to the student's success. Missing a live teaching session is the same as missing a day of school. If students are unable to attend a live teaching session, they will need to email the teacher prior to the session. They can schedule a 15 minute session with the teacher during office hours to review information that was missed, however, this will not be an opportunity to re-teach the entire lesson.
