

Name _____

Date _____

1. Show the numbers on the place value chart using digits. Use $>$, $<$, or $=$ to compare. Explain your thinking in the space to the right.

$$167.4 \quad \text{<} \quad 167.462$$

1	6	7	4		
1	6	7	4	6	2

167.4 is the same as 167 and 400 thousandths
 167.462 is the same as 167 and 462 thousandths

462 thousandths is greater than 400 thousandths

2. Use $>$, $<$, and $=$ to compare the numbers.

$$32.725 \quad \text{<} \quad 32.735$$

3. Arrange the numbers in decreasing order.

76.342 76.332 76.232 76.343

76.343 76.342 76.332 76.232
