Administrative Regulation 6158.1 Instruction
Criteria for Independent Study - Physical Education

Any student applying for Independent Study Physical Education must meet the following criteria:

1. The student applying for Independent Study - P.E. must have an established background and regularly compete (outside of class) in the physical activity for which the student is requesting independent study. **(Minimum of three years)**
2. The independent study program must include at least 400 minutes per 10 school days.
3. The student applying for Independent Study – P.E. must successfully complete the California Department of Education Physical Test administered in grades 5, 7 and 9.
4. The student must have a coach, teacher, or instructor who is either certified or qualified in their expertise. A copy of their certification must accompany the application for Independent Study - P.E. and be on file at the school of enrollment.
5. The program the student is electing to adopt as their P.E. program must be part of a larger network of professionals or member of an association (i.e., Royal Academy of Dancing, United States Tennis Association, United States Figure Skating Association, etc.).
6. The student must be supervised during Independent Study - P.E. by the Coach, or certified instructor.
7. The independent study program must have a specific curriculum with goals and objectives. There must be a periodic assessment of the student's progress. The instructor must be able to submit grades and attendance to the school of enrollment in a timely manner.
8. The school is responsible for providing a grading packet to the instructor and also is responsible for notifying the instructor of grade deadlines. All final grades will be determined by the District independent study teacher.
9. The school or district administrators have the right to observe an independent study session at any time upon first notifying the coach or instructor.
10. The independent study program and its goals must meet the physical education curriculum standards adopted by the Cabrillo Unified School District as outlined in the CUSD Physical Education Course of Study and Curriculum Guide (pp. 33-35) and the Physically Educated Student: Definition and Outcomes (pp. 73-75) of the California State Board of Education Physical Education Framework, published 1994.
11. For physical activity programs that take place outdoors, an alternative plan for inclement weather needs to be provided.
12. The location of the facility or area of activity must be provided with address and telephone.
13. A disclaimer of liability of CUSD must be signed by the parent or guardian.
14. The certified coach, teacher, or instructor is required to provide a written report, or to attend a regularly scheduled meeting with the district independent study teacher in accordance with Policy 6158 to review progress.
