

Dear 7th Grade Families,

By now you have received the email update regarding the COVID-19 situation from Superintendent Dr. John Barile. As noted in the letter, all field trips are cancelled until the end of April. I have been in contact with Global Endeavors and they are investigating possibilities to reschedule the New York City field trip during the end of May or June.

I wanted to thank those of you who contacted me via telephone or email and expressed your opinions. These decisions are not easily made; however, be assured that the safety and well being of each child and our staff is central in our thinking. I will continue to work with the company, and I will get back to you with updates as they become available.

I appreciate your patience and understanding during this time.

Mr. Deane Renda
WMS Principal
