### Spaghetti Feed Dinner Next Week!

November 9th, 2018

#### Superintendent/Principal Message

Dear Parents and Families,

We would like to thank Mr. Singleton from Siskiyou County Office of Education for coming to our school today to help our 3rd-8th graders build and launch rockets! It was a great hands on science project. Mr. Singleton will be facilitating a Cross Country Skiing field trip for us in the spring as well, more to come on this in January.

We are in full swing preparation for our spaghetti feed dinner. If you can help with this event in any way, please let us know. From buying tickets, helping at the dinner, or donating items for our auction, there are many ways to help out. Thank you to all the local businesses who have already supported us for this year and in past years. Please listen for our advertisement on the local radio!

Our lighting project is now complete. The main part of the school and exterior is all lit with LED bulbs that are much more energy efficient. Thank you to All Trade from Mt. Shasta for completing this project.

In honor of Veteran's Day, there will be no school on Monday. Please enjoy your 3-day weekend.

For the kids!

Jami Thomas

#### CLASSROOM UPDATES

##### K-2 GRADE

- The kindergartners are working on the letter "l" and the number "9". They are sorting in math, doing lots of reading, and learning about the American Flag in social studies. The first and second grades are practicing fact families and number stories in math. In social studies they learned about the Native Americans and immigrants. Please make sure you are reading with your child because the stories are getting harder. Have a great three day weekend.

##### 3-5 GRADE

- This week the 3rd-5th are working on poetry. They are learning about different types of poetry and components of it; for example, free, verse, rhyme, and meter. The 3rd-8th graders had the opportunity to make rockets and launch them today! It was an awesome hands on science experience.

##### 6-8 GRADE

- We are in full swing with preparations for our annual spaghetti feed dinner, which will be held next week! We would like to thank everyone who has already supported us.

#### SAFE Notes

(Safe Afterschool For Everyone)

We will have piano lessons next week and those student playing piano will be preparing a holiday piece. We will be spending more time inside now that it is getting darker earlier. We are thankful for our new parking lot lighting which makes things much more safe for our late evenings at school.
