PHYSICAL EDUCATION GOALS

A WELL-PLANNED, WELL-IMPLEMENTED PHYSICAL EDUCATION PROGRAM WILL FOSTER THE FOLLOWING BENEFITS:

- **IMPROVED PHYSICAL FITNESS:** areas include muscular strength, flexibility, muscular endurance, body composition, and cardiovascular endurance.
- **SELF-DISCIPLINE:** develops student responsibility for health and fitness.
- **SKILL DEVELOPMENT:** develops motor skills of balance, agility, reaction time, speed, and coordination.
- **EXPERIENCE SETTING GOALS:** gives students the opportunity to set and strive for personal, achievable goals.
- **IMPROVED JUDGMENT:** provides students with opportunities to assume leadership, cooperate with others, and accept responsibility for their own behavior.
- **IMPROVED SELF-CONFIDENCE AND SELF-ESTEEM:** helps students become more confident, assertive, independent, and self-controlled.
- **STRESS REDUCTION:** provides an outlet for releasing tension and anxiety.
- **STRENGTHENS PEER RELATIONSHIPS:** helps students socialize with others more successfully.
- **REINFORCES KNOWLEDGE LEARNED IN OTHER SUBJECT AREAS:** serves as lab for application of content from science, math, and social studies courses.

The ***Physical Education Framework for California Public Schools*** is the key resource for developing quality physical education programs. At PJH we follow a sequential, developmental, age-appropriate program designed to provide students with knowledge and ability needed to maintain active, healthy lifestyles. In accordance with the framework, the three major goals for the curriculum are:

- **MOVEMENT SKILLS AND KNOWLEDGE**
- **SELF-IMAGE AND PERSONAL DEVELOPMENT**
- **SOCIAL DEVELOPMENT**

There are also established national and state standards for physical education that address skills and knowledge students should have at particular grade levels. Each standard includes grade-level indicators that provide examples of what students should know and be able to do to meet the standard.

The ***California Education Code*** also mandates that students in grades 7-8 shall have 400 minutes of physical education each 10 days. The intent of these mandates is to ensure that physical education is an integral part of the educational program for all students.

Federal Title IX regulations require that all physical education courses be coeducational. Students are not to be separated based on gender.

PJH PHYSICAL EDUCATION UNIFORM POLICY

AN INTEGRAL PART OF THE PJH PHYSICAL EDUCATION PHILOSOPHY IS THAT ALL STUDENTS DRESS-OUT EACH AND EVERY DAY IN THE PE UNIFORM. ***THIS INCLUDES RAINY DAYS AND WHEN ON A MEDICAL.*** THE REQUIRED DAILY WEAR IS TO INCLUDE:

- **REQUIRED PE CLOTHES** – solid royal blue, nylon mesh shorts w/drawstring, reversible royal blue/gold t-shirt or a solid royal blue and solid gold t-shirt. **Available at PJH for \$26** or you may purchase elsewhere. If you purchase elsewhere, they must meet the above requirements.
- The only markings allowed on the uniform are the first and last name of the owner. No decorating is to be done
- Uniforms need to fit appropriately. Allow room for growth
- Shirt must be tucked into the shorts. Shorts are to ride at the waist above the hip – no “sagging” and no underwear showing
- **White** regulation athletic socks that are clearly above the ankle and visible to the teacher (keep an extra pair in PE locker)
- Athletic shoes in good condition with laces secured on top of the shoe (preferable to have a pair only for PE)
- Jewelry removed and secured in the PE locker in a container – this includes all earrings (except studs), watches, bracelets, ankle bracelets, necklaces, rings, wristbands, and any piercings that could be a safety hazard
- Hair tied back securely if shoulder-length or longer
- Regulation pioneer hats may be worn in PE class
- Clothes worn to school may not be worn under the PE uniform
- Sweatshirts and sweatpants may be worn over the regular uniform during cold weather. Sweats may be of any color. **JACKETS OR SWEATERS ARE NOT ALLOWED.**
- The uniform is to be taken home the last day of the week to be laundered and returned to school the first day of the week for clean clothes check
- If the uniform is missing, a set of loan clothes will be issued. Students will check-out the loaners from the PE office at the start of class and return them at the end (the PE staff will be responsible for the cleaning of the loan clothes)
- Each student is required to wear only their own PE clothes and not “borrow” from someone.

LOCKER ROOM RULES

- All students will be issued a locker that is to be used to store the physical education uniform and any other essentials. Everyone is required to use a PE locker during the class period.
- **All students will be issued a Pioneer combination lock and must be returned at the end of the school year in same condition or there will be a replacement cost.**
- Under no circumstances is any student to share lockers with anyone or give any other student their combination. **The school is not responsible for lost belongings.** It is up to the student to check that their locker is secured before they leave the dressing room and that all items are safely stored in the locker
- All backpacks/tote bags must fit in their PE locker.
- No food or drink is allowed in the locker room (water bottles are an exception)
- Glass and/or aerosol products are not allowed
- All products used in the locker room need to be fragrance-free for the health and safety of students with allergies or asthma. Unscented deodorant, unscented lotion and sunscreen are allowed. Hair spray, perfume, body spray, scented body lotion and scented deodorant are not allowed at school or the locker room. These items will be confiscated, and detention given
- Students need to bring supplies to keep in their locker i.e. band-aids, hair ties, safety pins, kleenex, and other personal necessities
- A jewelry container is a must, since jewelry can fall down into other lockers if not secured

SAFETY

- Behavior that might lead to injury to self or others will not be allowed
- Report any injury immediately to your teacher. Do not move a student with an injury
- Report any equipment or ground conditions that may be dangerous
- Do not go yourself or take any other student to the health office or locker room without teacher permission
- Modified activities when raining, extreme heat or poor air quality. We go inside for rain, we are outside if misty or light drizzle. During extreme heat, we limit or modify activity depending on time of day. This may include no push-ups, bars or running. For poor air quality, we follow the AQMD guidelines for our area and activities are modified or taken inside according to the alert level.

OBSTACLE COURSE

- All students participate in the obstacle course every day at the beginning of the period before roll and exercises. This is part of the physical education grade
- It is each student's responsibility to complete the course and be seated on their roll call number by the tardy bell
- The course includes bars, pole, climbing wall, and warm-up run
- Each student is to check-in at the completion of the course with the teacher's assistant (TA). If no T.A. is there, the students are to line-up single file at the cone designated for their class and wait

GRADE POLICY

THE PHYSICAL EDUCATION DEPARTMENT HAS STANDARDIZED AREAS OF GRADING WHICH INCLUDE:
