

MATH ACCELERATION OPTIONS

You can still enroll in Pre-AP and Honors courses next year, if you meet the criteria in regular classes this year. You will also have the opportunity to accelerate your math level based on future progress and assessment scores.

There are multiple Pathways for math acceleration for our students:

1. For students who qualify, entering into Accelerated Math 7* in the 7th grade.
*Accelerated means that 3 years of Common Core math standards (Math 7, Math 8, and Integrated Math 1 will be condensed into 2 years of Mathematics.)
2. For students who qualify, they may take the Integrated Math 1 Summer Bridge course in the summer after 8th grade to prepare for Integrated Math 2 or Integrated Math 2 Enhanced in 9th grade.
3. For students who qualify, they make take the Integrated Math Enhanced pathway in high school and move straight to Calculus after Math 3 Enhanced.
4. For students who qualify, they make take Accelerated Pre-Calculus Honors, a combination of Integrated Math 3 Enhanced and Pre-Calculus Honors in the 11th grade.
