

THE CAMBRIDGE RINDGE AND LATIN SCHOOL

Opportunity • Diversity • Respect

Lynn Williams, Coordinator of Guidance

February 28, 2018

Dear Parent/Guardian:

Greetings from the Cambridge Rindge and Latin Guidance Program. This letter is to inform you of the course selection process for your rising 9th grade student. Starting the week of Monday, March 19th, CRLS guidance counselors will be going to each CPS Upper School and Amigos to conduct a course selection workshop. On Monday, March 26th CRLS will host a course selection workshop at CRLS for independent school students/families. During this session guidance counselors provide an overview of the 9th grade course offerings, explain the CRLS semester schedule, answer questions and assist students/families with entering/selecting their elective course requests for the 2018-2019 school year. On Tuesday, March 27th CRLS Guidance will host CPS rising 9th grade families to answer questions families may have regarding their child's course selections.

CPS Students will be entering their course requests in the CPS online student information system, Aspen. This will allow students and families the opportunity to view and make necessary changes to their course requests, on line, until Tuesday, March 27th. Eighth grade teachers have made level recommendations for all of your child's core academic courses. Teacher recommendations are provided as a guide for students and families. Please be advised, families have the ultimate decision regarding course level and selection. Independent school families should expect to receive a course selection package in the mail by March 5th. Please note that the CRLS master schedule is driven by student course requests and is built only after all course requests have been entered into the Aspen system.
