*You must stay current on any new material and assignments. The retake has no bearing on your responsibility to keep up with the learning of new material as well as the corresponding assignments and assessments. If you would like additional help before you retake, you are responsible for setting up time to meet with me outside of class.

- I. **Test Reflection:** In the chart below, 1) write down the questions you missed, 2) pinpoint which learning target, PV, and/or skill pertains to this question, 3) identify where you can find the answer, and 4) check the column that best describes why you missed this question.

Missed Question #	Corresponding LT/PV/Skill	Location of knowledge (date of notes, handout title, etc.)	What went wrong?	
			Careless	Failure to Understand

- II. **Study Reflection:** Be honest- this is to help you reflect and improve upon your study practices, *not for me to judge you!*

 - WHERE did you study?
 - WHAT resources and methods did you use to study?

- III. **New Study Plan:** In the space below discuss what you plan to do differently, i.e. describe your new study process. Be sure to include 1 piece of evidence (practice quizzes, study packet, practice essays, etc.)
