**CROSBY HIGH SCHOOL
ACE
Academic Choice for Excellence**

ACE signifies Academic Choice for Excellence. This program is based on the concept of a school within a school. Courses within this program are assigned additional quality points and are designated a level above our honors program. Participation in this program is indicated on the student's transcript.

Criteria for acceptance into this program include academic achievement at the honors level, above average standardized test scores, and teacher recommendations. Once accepted into the program, requirements include Advanced Placement coursework and attainment of credits beyond those required by the State of Connecticut for high school graduation.

Additionally, students are obligated to enter into a contractual agreement along with their parents requiring community service, dress code, and a stringent disciplinary policy, since they serve as role models for the entire school.

PHILOSOPHY

The ACE program is an accelerated honors program of studies geared toward college bound students who follow a rigorous course of studies. ACE students are an integral part of the Crosby student body and participate in extracurricular and community activities. The program will foster an interdisciplinary approach to academic achievement, and aims to produce well-rounded and civic-minded individuals who will easily transition into a college environment. Crosby High School Academic Choice for Excellence is a place for serious study and appropriate behavior.

All dismissal requests (a note with the reason for dismissal, parent signature and phone number to confirm request) must be made to the chair of the attendance committee before or during homeroom. Students are expected to make medical and other necessary appointments after regular school hours. Student's attendance will be tracked monthly.
