AP Statistics

- ▶ Check your PSAT student report (online) for your AP Potential:

The screenshot displays the 'My College QuickStart' interface. At the top, a navigation bar includes 'Knowledge', 'Skills', 'Behavior', and 'Awareness'. The main heading is 'My College QuickStart'. Below it, a section titled 'My AP Potential' contains two bullet points: 'Choose a major to see which courses match it.' and 'Interpret your report to see whether you are ready to take a course.' The central part of the page features a dropdown menu labeled 'Please Select A Major' and a table with four columns: 'AP Courses', 'Potential', 'Matches Major', and 'Your School Offered This Course'. The table lists five courses: Psychology, Art History, Calculus BC, English Language, and European History. Each course has a corresponding 'Potential' score represented by a grid of red squares. To the right of the table, there is a section titled 'Interpret your report' with four sub-sections: 'Potential', 'Some Potential', 'Potential Not Yet Indicated', and 'What is AP?'. Each sub-section provides a brief explanation of the score and a link to 'more...' information. At the bottom left, the number '17' is visible.

AP Statistics

- ▶ Look at some of the material you'll be learning:

The screenshot shows the Khan Academy interface for AP Statistics. The browser address bar displays the URL <https://www.khanacademy.org/math/ap-statistics?t=practice>. The page header includes the Khan Academy logo and the user's name, Chris Leong. The main heading is "AP Statistics", with a subheading "The official practice partner for AP®" and logos for CollegeBoard and AP. The "Practice" tab is selected, showing a progress bar for "Continue practicing" with the text "Up next: Identifying marginal and conditional distributions" and "26 / 87 exercises complete". A "Continue" button is visible. The "CONTENTS" section lists topics: "Analyzing categorical data" (with a bar chart icon), "Displaying and comparing quantitative data", and "Summarizing quantitative data" (with a 75% completion indicator and a star icon). The "Analyzing categorical data" section is expanded, showing "Up next: Identifying marginal and conditional distributions" and a "Continue" button. The "Summarizing quantitative data" section shows "Individuals, variables, and categorical & quantitative data" with a "Go for 100%" indicator.
