

Attention South SSES Parents:

Do you wonder how your children are doing on their Accelerated Reader quizzes, what books have they read, etc.? Well, wonder no more!

A software program called *Renaissance Home Connect* allows you to view your child's reading progress which includes his/her average percent correct on tests, number of points earned, and book level. To take advantage of the program, follow the steps below.

Step 1: Log in to the *Home Connect Web Site* directly using the following address:
<https://hosted60.renlearn.com/80204/HomeConnect/Login.aspx>

Note: You may also access Home Connect through the Lee County schools website: <http://www.lee.k12.al.us/>. Click the *Parents* button and then click the *Accelerated Reader* button.

Step 2: Log in to your child's Accelerated Reader account using his/her user name and password. (If your child cannot tell you this information, please contact his/her teacher.)

Step 3: Click on each book in *My Bookshelf* to monitor your child's progress. You may also use the *Email Setup* in the upper right-hand corner to sign up to receive emails showing your child's results each time he/she completes a quiz.

Please note that students are not limited to quizzing on books they acquire from their school or classroom library. They can quiz on books from home or the public library as well. To identify whether or not a book is a part of the Accelerated Reader program, simply the title into the AR Book Finder website (<http://www.arbookfind.com>).

If you have any questions, please call your child's homeroom teacher or the school librarian at #(334) 298-8370.
