## 2021 MPS Summer Launch Program Thank You Parents, Students, and Teachers!

Dear Parents

It was a great pleasure to have your child participate in Blount/Wilsons Cearning Progression Academy this summer. We learned so many things and progressed in so many ways since the beginning of the program. As this program comes to a close, I now return your child to you the same child that you entrusted in my care. I return your child months wiser, and more equipped for the next grade level.

Even though your child would have grown without my help, it has been an absolute privilege to see their personality grow as we laid the foundation for future learning. Together, this summer we have been challenged by promotional, remedial, and accelerated opportunities. From these opportunities, we have played, studied, learned, and ENRICHED our lives.

I know you will continut to take care of your precious child, but please always remember that I will have a great interest in your child, their destinies, wherever they will go, whatever they will do, and whoever they will become.

Enjoy the rest of your summer!

Love, Cassandra Mitchell Blount Elementary School Launch Leader, Summer 2021
