

Parallelograms

Parallelograms

Not Parallelograms

Parallelograms are
quadrilaterals that have

_____ sides

Parallelograms do NOT
have:

*

Parallelograms have

_____ angles

*

Parallelograms _____

*

_____ symmetry

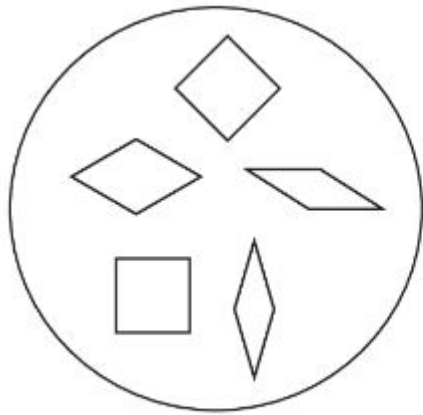

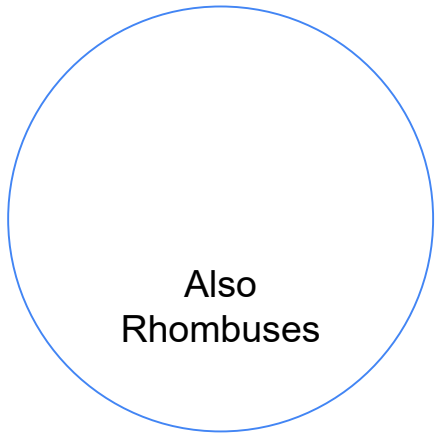

*

Parallelograms _____

_____ parallel

The Most Special thing about this shape is:

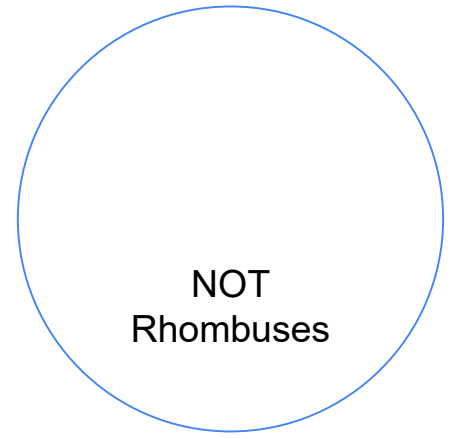

Rhombuses

Rhombuses

Not Rhombuses

Rhombuses are
quadrilaterals that have

_____ sides

Rhombuses have _____

_____ angles

Rhombuses _____

_____ symmetry

Rhombuses _____

_____ parallel

Rhombuses do NOT
have:

*

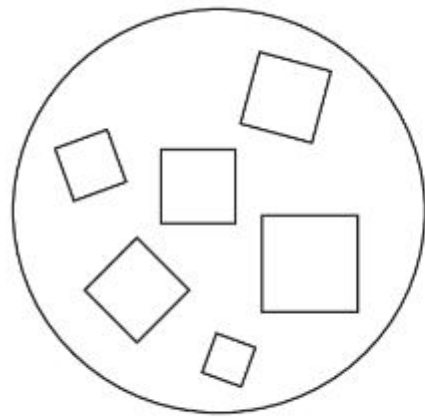

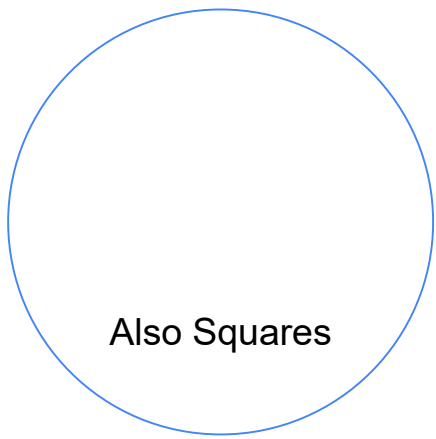

*

*

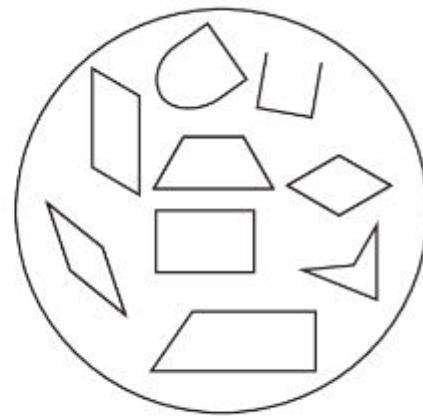

*

The Most Special thing about this shape is:

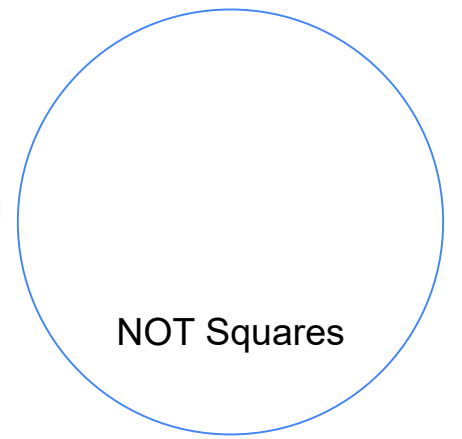

Squares

Squares

Not Squares

Squares are quadrilaterals that have

_____ sides

*

*

Squares have _____ angles

*

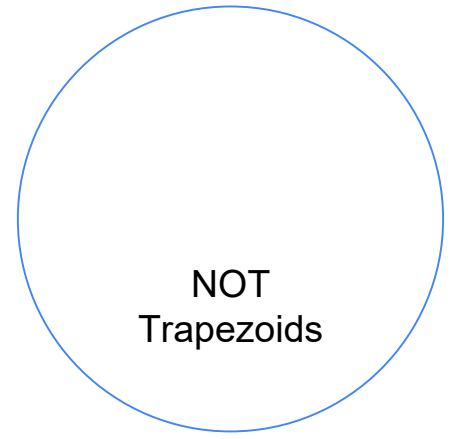

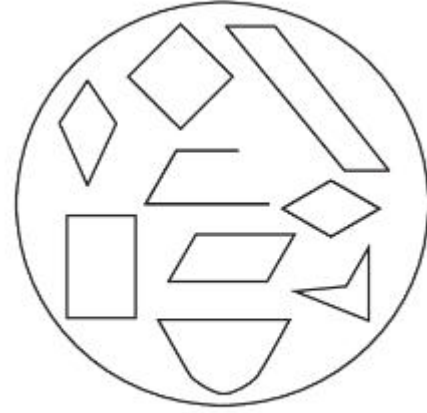

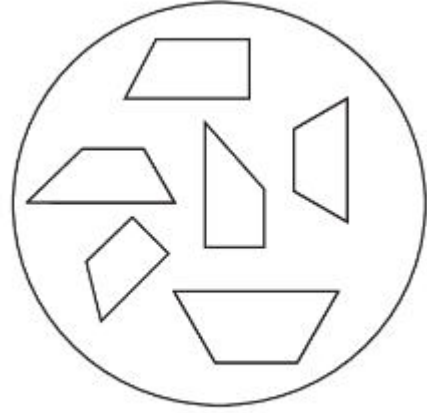

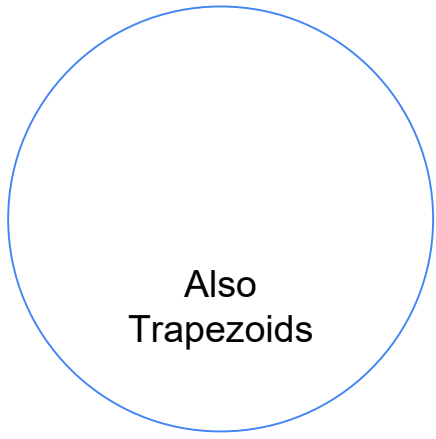

Squares _____ symmetry

*

Squares _____ parallel

The Most Special thing about this shape is:

Trapezoids

Trapezoids are quadrilaterals that have

_____ sides

Trapezoids have

_____ angles

Trapezoids _____ symmetry

Trapezoids _____ parallel

Trapezoids do NOT have:

*

*

*

*

The Most Special thing about this shape is:
