Vestavia Hills City Schools

Capital Projects Planning

April 26, 2017

Community Engagement

- Parent surveys
- Community meetings
- Feedback
 - Overcrowding / Class size
 - Inadequate non-traditional spaces
 - Safety concerns
 - Condition of facilities
 - Parking / Carpool
 - 2nd high school
 - Adequate facilities for fine arts and athletics
 - Zoning issues

Original Goals

- Sustainability and long-term planning
- Anticipated growth and overcrowding
- Alignment, continuity, and unity
- Class size
- Culture/Personality of schools
- Simplification of timeline and transition
- Preschool
- Protection of programs

Analysis Process

- Validate funds available
- Demographic data & studies
 - Enrollment projections
 - Subdivision yield analysis
- Capacity analysis at each school
- Develop multiple options
- Evaluate operation & maintenance costs

Projected Enrollment

Projected Enrollment - for Planning - District-wide

| Grade | 2017-18 | 2018-19 | 2019-20 | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 | 2025-26 | 2026-27 | Trend |

Current Elementary Alignment; Academy Facility

- Maintain current feeder patterns across system
- Move Pizitz (6-8) to Berry
- Move Central (4-5) to Pizitz
- Central becomes Academies Facility (9-12)
- Cost:
 - Program Cost (NIC Land) = \$54,800,000
 - Operational = \$1,700,000

| PROS | CONS |
|-----------------------|---------------------------|
| No Rezoning | Unbalanced Alignment |
| Cost | High School Growth |
| New Academies Program | Academies Cost vs. Growth |

K-5 Alignment; Academy Facility

- VHEE & VHEW converted to K-5
- Move Pizitz (6-8) to Berry
- Move Central (4-5) to Pizitz; Pizitz converted to K-5
- Central becomes Academies Facility (9-12)
- Cost:
 - Program Cost (NIC Land) = \$54,800,000
 - Operational = \$1,700,000

| PROS | CONS | | |
|-----------------------|---------------------------|--|--|
| Balances Alignment | Rezoning Required | | |
| Cost | High School Growth | | |
| New Academies Program | Academies Cost vs. Growth | | |

Current Elementary Alignment; Berry 6-9 & LPMS 6-9; VHHS 10-12

- Maintain current feeder patterns across system
- Move Pizitz (6-8) to Berry; Berry converted to 6-9
- Move Central (4-5) to Pizitz
- LPMS converted to 6-9
- VHHS converted to 10-12
- Cost:
 - Program Cost (NIC Land) = \$61,500,000
 - Operational = \$2,200,000

| PROS | CONS |
|------------------------------|-------------------|
| Offsets VHHS Growth | Cost |
| Addresses System Wide Growth | Rezoning Possible |
| Relieves Congestion at VHHS | |
| Preserves Central for Future | |
| Optional Elem. Alignment | |

K-5 Alignment; Berry 6-9 & LPMS 6-9; VHHS 10-12; Academy Facility

- VHEE & VHEW converted to K-5
- Move Pizitz (6-8) to Berry; Berry converted 6-9
- Move Central (4-5) to Pizitz; Pizitz converted to K-5
- LPMS converted to 6-9
- VHHS converted to 10-12
- Central becomes Academies Facility (9-12)
- Cost:
 - Program Cost (NIC Land) = \$65,600,000
 - Operational = \$2,700,000

| PROS | CONS |
|------------------------------|---------------------|
| Offsets VHHS Growth | Highest Cost Option |
| Addresses System Wide Growth | Rezoning Required |
| Relieves Congestion at VHHS | |
| New Academies Program | |
| Balances Alignment | |

Vestavia Hills High School

- Possible Expansion Options:
 - 3 Story Addition 150,000 SF
 - 4 Story Parking Deck 700 Spaces
 - New Parking Lot 200 Spaces
 - New Athletics Wing 53,000 SF
- Cost:
 - Construction = \$50M+
 - Additional Operational = \$900,000

| PROS | CONS |
|------------------------------------|------------------------------|
| Answers VHHS Growth | Cost |
| Maintains VHHS Alignment | Traffic & Student Safety |
| Upgrades to Non-Traditional Spaces | Phasing & Logistics Premiums |
| | Site Density |
| | Requires City Property |

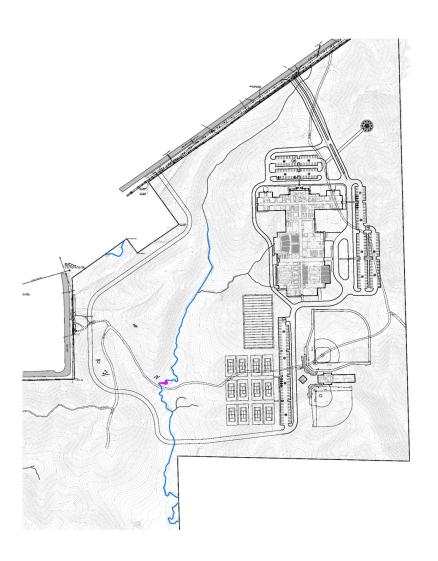

Potential Liberty Park High School

Liberty Park HS Requirements

Capacity: 1000 Students

• Site Size: 30 AC + 1AC/100 Students

= 40 AC Useable Land

• Approx. Size: 210,000 SF

• Approx. Cost: \$235/SF Program Cost

\$50 Million (Building)

\$10 Million (Athletics)

Not including Land Acquisition

Approx. Duration:

- Site Selection/Due Diligence = 6 month
- Design = 12 month
- Construction = 18-24 month

Potential Liberty Park High School

- LPHS not at full capacity until 2026-2027
- Buildout of new homes in Liberty Park would take 17 years based on average
- Current funds available do not support LPHS and K-8 growth projections across system
- LPHS would be underutilized based on projected enrollment
- Operational Cost = \$8M Annually
- Debt Service = \$4M Annually

| Vestavia Hills Housing Permits | | | | | | |
|--------------------------------|---------------|--------------|-------|--|--|--|
| Year | Single-Family | Multi-Family | Total | | | |
| 2011 | 64 | 0 | 64 | | | |
| 2012 | 62 | 0 | 62 | | | |
| 2013 | 118 | 0 | 118 | | | |
| 2014 | 109 | 0 | 109 | | | |
| 2015 | 88 | 272 | 360 | | | |
| Total | 441 | 272 | 713 | | | |

| Estimated Number of Years to Completion | | | | | |
|--|---------------|---------------------|--|--|--|
| Using | Single-Family | Multi-Family | | | |
| Average | 17 | 5 | | | |
| 5-year High | 13 | 1 | | | |
| 5-year Low | 25 | - | | | |

| School | Current Grade Alignment | Ideal Current Capacity | Proposed Grade Alignment | Proposed Capacity | 2021-2022 Projected Enrollment | 2026-2027 Projected Enrollment |
|--------|-------------------------------|---------------------------|-----------------------------|----------------------|--------------------------------------|--------------------------------------|
| VHHS | 9-12 | 2000 | 9-12 | 2000 | 1678 | 1978 |
| LPHS | - | - | 9-12 | 1000 | 781 | 1004 |
| TOTALS | | 2000 | | 3000 | 2459 | 2982 |

Academies Facility

- Renovation of Vestavia Hills Elementary Central
- Cost:
 - Construction = \$5,000,000
 - Operational = \$500,000
- Growth:
 - 2021-2022 Projected Enrollment = 246 Students
 - 2026-2027 Projected Enrollment = 298 Students

| PROS | CONS |
|---------------------------|----------------------|
| Offsets VHHS Growth | Cost vs. Growth |
| New Program | Utilization of Funds |
| Utilizes Central Facility | Utilization of Space |

Recommendation

- 1. Contract with Cooperative Strategies to monitor trends in demographics on an annual or bi-annual basis
- Contract with Cooperative Strategies to study the impact of rezoning on the community and to determine if common alignment of elementary schools is necessary to accommodate the anticipated growth over the next five years
- 3. Begin renovation of the Berry campus, to accommodate grades 6-7 (middle school model) and grades 8-9 (junior high model)
- 4. Fall 2019, move VH Elementary Central to the Pizitz campus
- 5. Fall 2019, move Pizitz Middle School to the Berry campus
- 6. Fall 2019, move 9th grade students zoned for the Highway 31 corridor to the Berry campus
- 7. Fall 2019, move 9th grade students zoned for LP to Liberty Park Middle
- 8. Fall 2019, realign LPMS to grades 6-7 (middle school model) and grades 8-9 (junior high model)
- 9. Fall 2019, change VHHS grade structure to 10-12

Additional Issues to Consider

- Encourage the development of academy programs as curricular/ academic opportunities
- Convert top floor of CO to classrooms to provide immediate relief for VH Elementary West
- Plan for moving CO to an alternate location to allow for space to be used for West campus
- Continue consideration of possible uses of the Central campus
- Give consideration to the BOE leading a legacy campaign to secure funds to supplement fiscal resources
- Continue discussions with City Council to find new streams of revenue in order to develop additional school properties as student enrollment increases true to predicted figures
- Explore the potential for use of access facilities pending the final purchase of Gold's Gym
- Consider operational and management decisions
