Carrington Olympians (Scholars) of the Mind Take District Trophy

For the second time in the 10-year history of the event, Carrington's 5th grade team topped all other Waterbury elementary school teams in a contest that went 22-questions long. Carrington's scholars won in sudden-elimination overtime against worthy opponents, the teams from Tinker School and Rotella Magnet School. The *Olympics of the Mind* Trophy will be the first in the trophy case in the new building.

Silver for 3rd Grade Scholars

Carrington's 3rd grade team earned 2nd place in the North Division; thus they wear silver medals after the Olympics.

Double Good: Fitness Friday Finances Field Trips

Students who run of Fitness Fridays not only get fit, they also help finance the field trips for each grade level. As a result of the fundraiser, every grade level was given \$100 toward expenses of a field trip. Thanks to Meghan Eagan, PE teacher and Miss Renna for organizing the effort.

Robot Amazes Students

Friday afternoon's Robotics assembly, led by Kennedy HS students, was an example of learning, motivation, and community service. Each attending student received written information on how to join a team, which will be formed in the fall. Interested parents and students should contact Jordan Richardson at fre3525@gmail.com. As a Carrington School alumnus, Jordan is helping to initiate Carrington's First Lego League.

Safety First David Aldarondo of the Robotics Team eased the robot away from the gathered crowd.

1st Grade Assembly Was Instructive

Last Thursday 1st graders took to the stage to show other students what they've been learning, including information about plants and literacy. Mrs. Gonzalez had her students as flowers and leaves. Mrs. Weed's students read chorally about plants and science.

Faculty & SGC Toured Site

After school on June 5th, the faculty and the School Governance Council went through the new building.
