

A high-angle photograph of a rugged coastline. In the foreground, a steep, rocky cliff face descends towards a small, pebbly beach. The ocean is a deep blue, with white foam from breaking waves visible near the shore. In the background, more cliffs and a small lighthouse are visible under a bright blue sky with scattered white clouds.

ISLAND BIOGEOGRAPHY

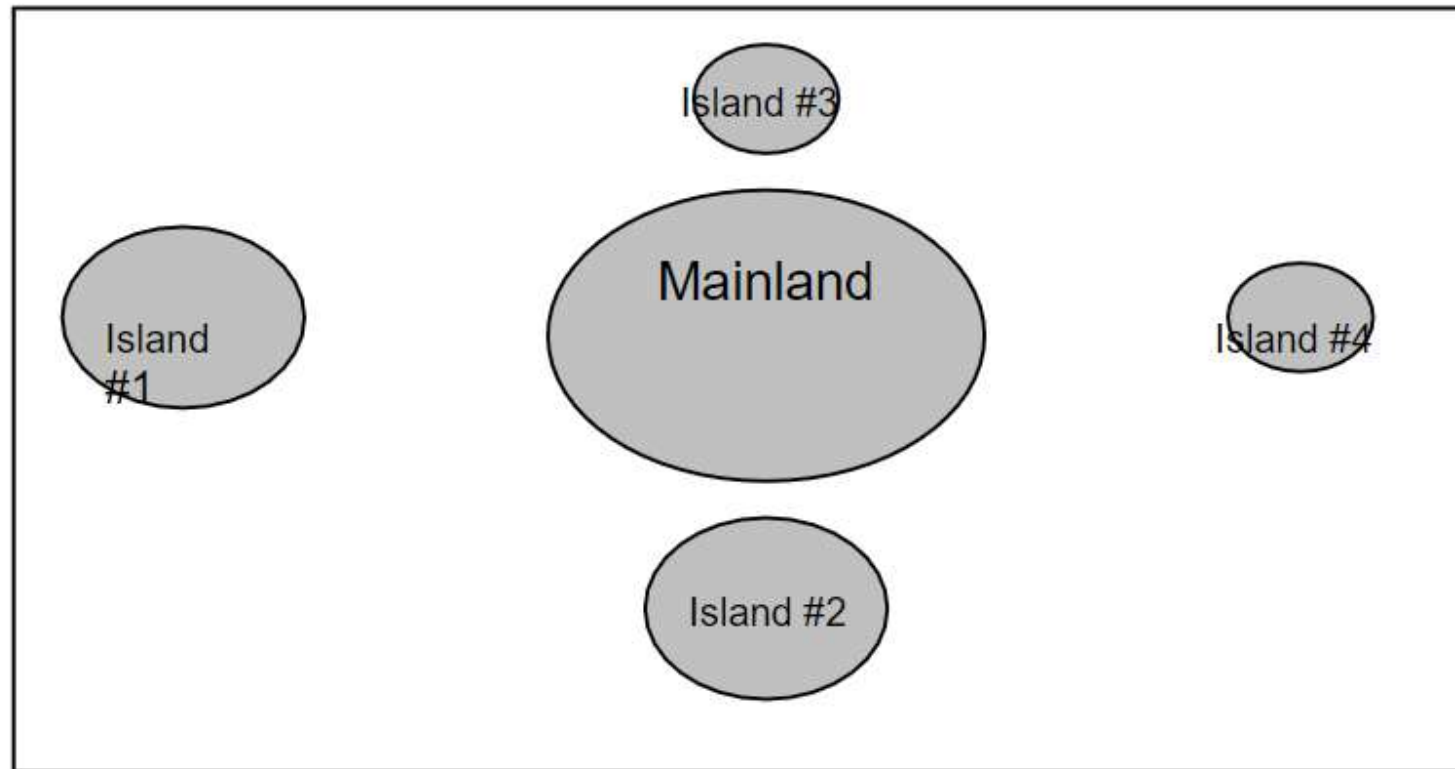

Chapter 8

EQ: What does the theory of island biogeography describe?

Beans, Funnels, and Islands

Explore

Spread the prepared Island Habitat Sheet out on your lab table. It should look like the drawing below:

Description

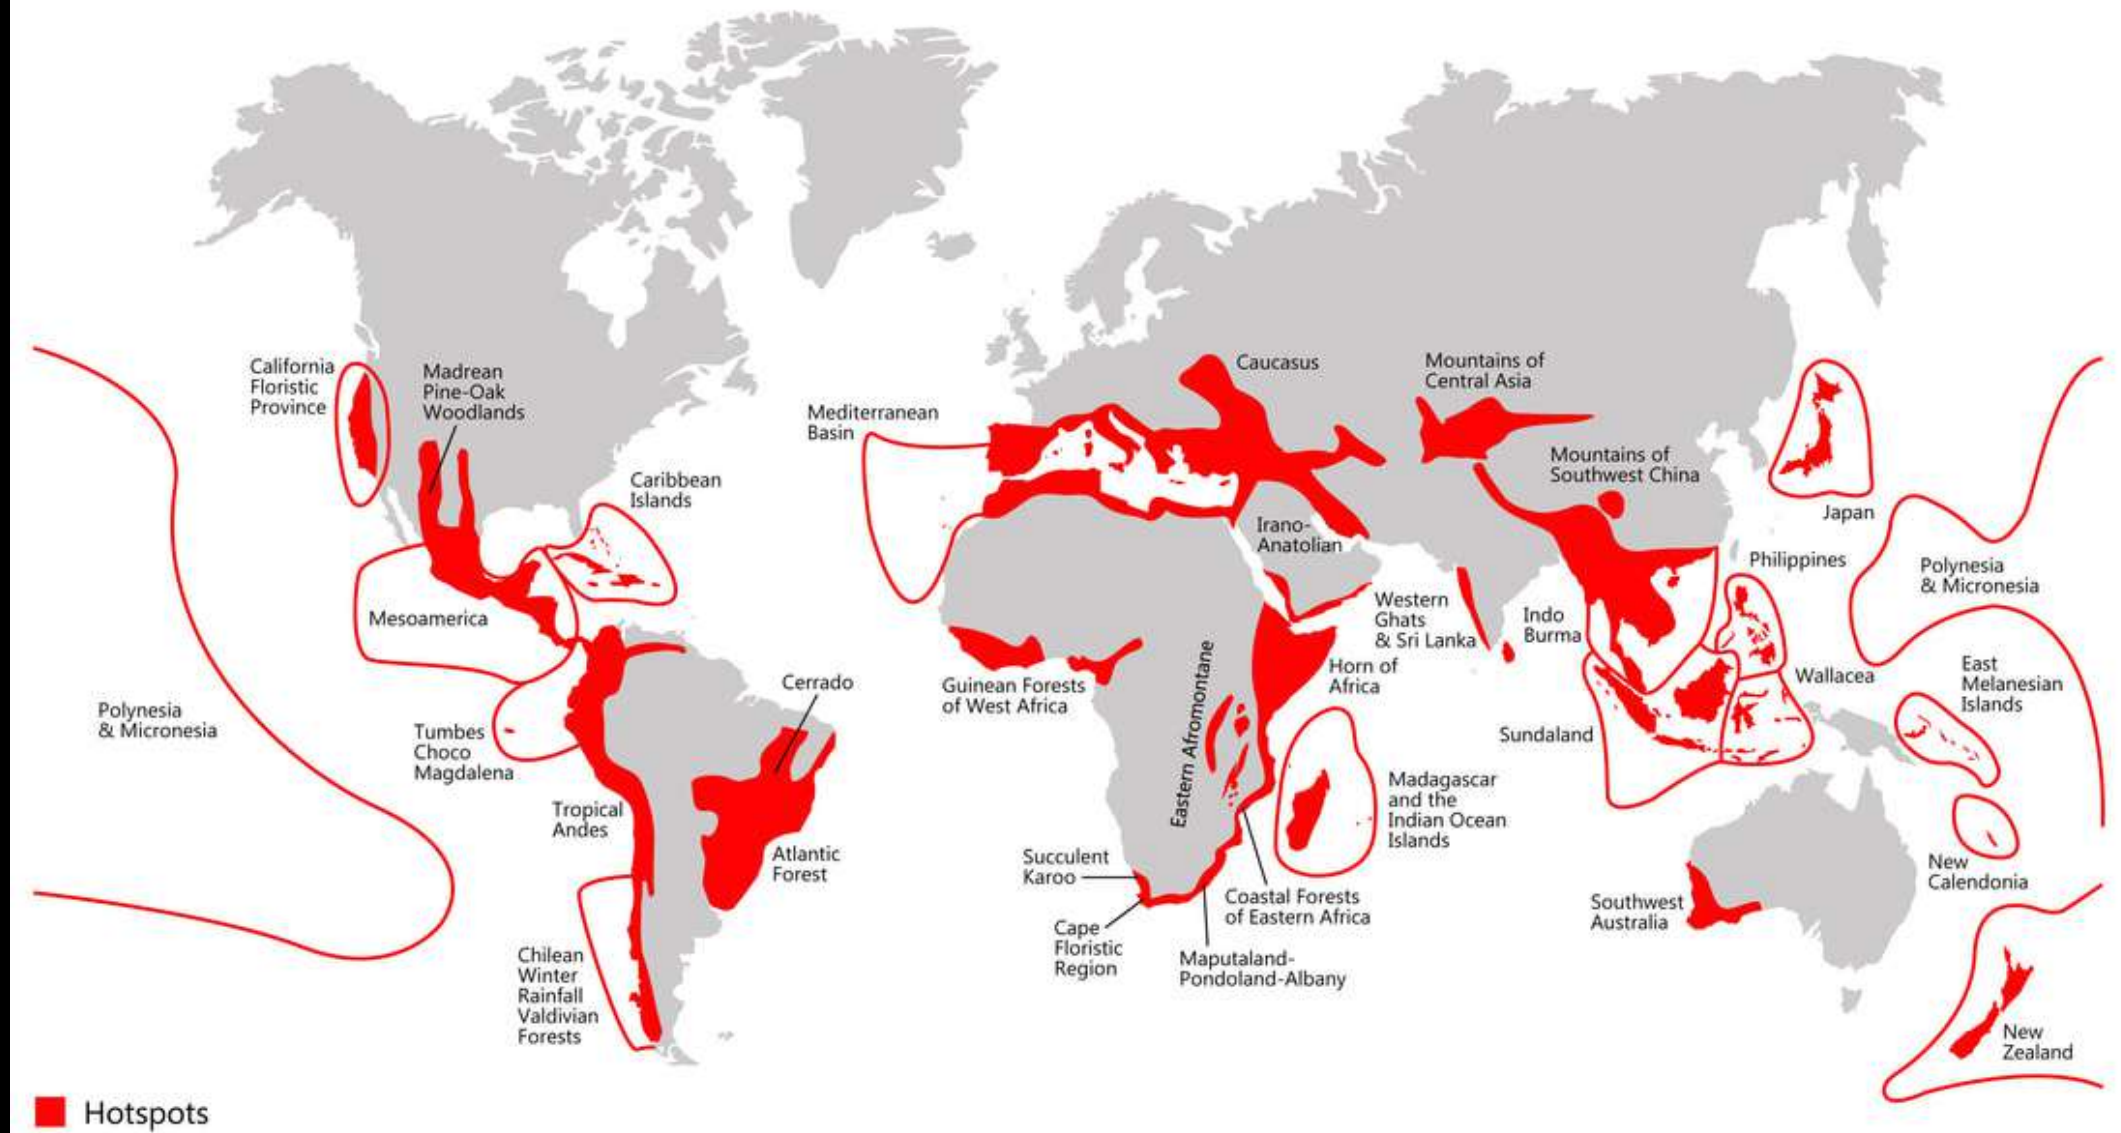

Island
A
B
C
D

#4 Create a chart

Island	Trial 1	Trial 2	Trial 3	Trial 4
1-large				
2-large far				
3-small				
4- small far				

Island Biogeography- E.O. Wilson
