Course Description: In this course, our goal will be to acquire Spanish language. "Acquiring" a language is very different from "learning" a language. Acquiring is something that happens to you instead of something that you make happen. When you learned how to speak your first language, you acquired it naturally by listening to other people speak it around you for a long time; not by studying it. Therefore, almost all of our class time will be spent using Spanish--not using English to talk about Spanish--and the focus will be on listening and reading instead of speaking and writing. Those skills will come naturally, as you take in more and more Spanish by listening and reading, but they will not be a major focus of the course. This Spanish course is a Comprehensible Input Spanish course, and we will use methods and strategies that are based on Dr. Stephen Krashen's Input Hypothesis.

In particular, we will use the TPRS (Teaching Proficiency through Reading and Storytelling) method of language instruction that was developed by Blaine Ray and based on the work of Dr. James Asher. We will focus our class time on the acquisition of high frequency structures (the most frequently used words in a language); between three and six new target structures each week. (You will learn more than this, but you will only be assessed on the target structures.) We will use these structures in class discussions, stories, and cultural explorations, and you will be expected to recognize them, when you read or hear them and, in time, be able to produce them in speech and writing.

Scope and Sequence

First semester:

- Describing friends and family members, chores, parts of the house and travel plans
- Describing professions, more details about the house and chores
- Describing places around a town and names of stores

Second Semester:

- Describing school competitions, reactions, body parts, injuries and illnesses
- Describing childhood activities, toys and games
- Describing foods, restaurant and menu terms
- Describing nature, animals and plants

GRADING SCALE

Students will be quizzed frequently (usually once a week) and chapter writing and speaking assessments will be given approximately every three or four weeks. Grading is as follows: 90-100 = A, 80-89 = B, 70-79 = C. Anything below 70 is considered failing.

GRADE CATEGORIES & ASSESSMENTS

Quizzes will vary from 10-45 points. Chapter assessments are designed to test the students' knowledge of the four basic skills: reading, writing, listening and speaking. They will typically vary in point value from 80-150 points. The following breakdown shows the weight for each grade category:

Quizzes (Vocabulary & Grammar)	30%
Tests (Writing Speaking)	35%
Participation/Classwork/Workbook/Composition Book	20%
Final Exam	15%

ACADEMIC INTEGRITY

Academic Integrity is being honest and responsible with regard to your schoolwork.

This means that your work is your work, and anything that you have found somewhere else is credited to its source. Students will receive a non-negotiable "0" on any assignment in which academic integrity has been breached.

- You may not copy another student's work or allow someone to copy your work. (This includes homework!)
- You may not use online translators to write sentences or essays.
- You must cite any website, book, article, etc. from which you gather information.

CLASS RULES

Students are expected to adhere to the following rules:

1. Be in your assigned seat when the bell rings.
2. Come to class with all of your materials: pens, two sharpened pencils, and paper.
3. Take care of your personal needs before or after class.
4. Gum, candy, food, and drinks are not allowed in the classroom.
5. All electronic devices must be **silenced** and stored **out of sight** when you are in the classroom.
6. Hats and hoods must be taken off upon entering the classroom.

WRITING RUBRIC

100-90
Excellence

STRONG CONTROL

- Ease of expression marked by a good sense of idioms.
- Clarity of organization.
- Accuracy and variety in vocabulary, grammar and syntax, with a few errors.
- Thorough and creative development of the topic may compensate for more language problems than this category normally allows.

89-80
Competence

GOOD CONTROL

- Reads smoothly overall despite some errors in grammar and usage.
- Evidence of organization.
- Varied and generally appropriate vocabulary.
- Thorough treatment of the topic may compensate for more language problems than this category normally allows.

79-70
Competence

FAIR CONTROL

- Easily comprehensible, with some signs of fluency and organization.
- Correct use of simple grammatical structures with minor errors and/or less accurate use of more complex structures, occasional interference from another language.
- Some apt vocabulary.
- Appropriate treatment of the topic may compensate for more language problems than this category normally allows.

69-60
Incompetence

WEAK CONTROL

- Generally comprehensible, but frequently forces interpretation.
- Inaccuracies in grammatical structures and/or limited vocabulary throughout. Frequent interference from another language.
- Contains some redeeming features.
- Evidence of efforts to treat the topic.

59-50
Demonstrates
Incompetence

POOR or NO CONTROL

- Barely comprehensible.
- Almost total lack of structural accuracy and/or vocabulary resources.
